19. SO HE'S BEEN GIVING ME JUST A LITTLE BIT MORE EACH DAY to add to my store of knowledge of things both in Heaven & on Earth. And I seem to get a lot of it, the same way I did while on Earth, while I'm in that trance-like state of half awake, half asleep or even in my dreams! Or sometimes when I'm wide awake with my eyes wide open He shows me pictures or visions of things.

20. REMEMBER HOW I USED TO GO AROUND THE HOUSE WHEN I WAS LOOKING AROUND FOR IMPROVE-MENTS or how to solve problems?--How the Lord would just show me a picture of just exactly how to do it, & we'd try it & it would work! Or how the Lord would give me communications. SCIENCE SOMETIMES CALLS IT THE ACexperiences & the knowledge of so much good TIVITIES OF YOUR SUBCONSCIOUS MIND or memory & that sort of thing, whereas it is actually your super-conscious mind, not below your consciousness but above your consciousness! As the Lord said, "Set not your affection on the things that are on the Earth, but upon the things that are above." (Col.3:2) And He told us to think good thoughts about things above & Heavenly things, good things, & try to get your mind off the lower mundane mere physical & sometimes even evil things! (Phil.4:8) So it's not just sub-consciousness but it's superconsciousness. It's a spiritual state of consciousness in which you are far more receptive to the things of the Spirit & dreams & revelations & visions & spiritual

27. I WAS THANKEIN THAT WE HAD HAD WHAT YOU MIGHT CALL A MONTH OR MORE to get accustomed to these Heavenly delights & almost supernatural experiences & ways of living Up Here in this marvellous City & this wonderful life in Heaven, because it's almost too much to orasp all at once! It takes a little time to get accustomed to things Here & oriented & to learn all about these new ways & new things & new habits, new customs. Although very much akin to Earth & similar to our Earthly life in some ways, it is much superior & more supernatural in so many other ways, so it takes a little getting used to. But by now we were pretty well settled in & adjusted & had rested up from our "space-lag", recharged our spiritual batteries with food from the Trees of Life. & apparently the Boss thought it was time for us to come see Him & that we were ready to meet Him! Praise the Lord! (1Cor.2:9)

28. SO WE QUICKLY RAN BACK IN THE HOUSE TO DON OUR BEST COURT ATTIRE, our new Heavenly robes of light & beautiful colour! Only a few of us were going, just the new arrivals. & we came back out & gingerly climbed over the side into this beautiful boat or spacecraft! I keep calling it a boat beautifully open to all the sights & sounds because it looks sort of like a big flat & wonders of Heaven itself surrounding us! boat--I almost said "tub", because it is that beautiful curly prow & that beautiful to hear some kind of whirring or buzzing or ful prow & the very high-backed stern with simply quietly, silently, with almost imperthe crew's quarters etc., only this strange ceptible motion, easily floated softly & craft is very much smaller.

You know we're always barefoot Up Here, we don't need any shoes because the streets are smooth glossy crystal gold with not a trace of dust or dirt & no pollution, no dirt, no filth, nothing to get your feet dirty & nothing to hurt them on because you sort of float even when you walk, so we don't need shoes Un Here, thank the Lord! (Rev.21:21b)

30. WE'RE FREE OF THAT FOOT BONDAGE. AS WELL AS THE HEAVINESS OF EARTHLY TYPES OF CLOTHING. Here we seem enshrouded in vapours of light, so light & so gossamer that you hardly feel that you have anything on! You don't look like you have much on either, as you can see our beautiful bodies right through this lovely semi-transparent seethrough clothing of light!

31. SO WE LOOKED AROUND OUR NEW VEHICLE IN WONDER & AMAZEMENT at its beauty & its comfort! This one has no bubble-top whatsoever, for no protection is needed from atmosphere nor heat of the sun nor flying objects in this perfect City! There are no accidents Here, so this is an open boat.

32. SO ABNER SAID, "ALL RIGHT, ARE YOU sort of round & tub-shaped. although it has READY?--LET'S 60!" And I might have expected big high-backed stern! 35. THE ATMOSPHERE IS PERFECTLY CLEAR! The air Here seems to be absolutely crystal clean with no smoo, no foo, no mist to obscure the view. & it seems like we can see hundreds of miles into the distance. even 1500 miles, clear over to the other side of the City! But of course it is so distant & far away that we can't tell much about it except to see there is the other wall of the City on the other side. And at 1500 miles, of course, the houses are so small to our view that we cannot even see them! It just looks like another crystal golden wall of the City, only slightly darkened & shaded by the shelves of mansions which line those walls.

APPARENTLY THIS TRIP WAS NOT ONLY TO BE A TRIP TO THE PEAK & THE LORD'S THRONE ROOM AT THE APEX OF OUR PYRAMID, BUT ALSO A LITTLE SIGHTSEEING TOUR ON THE WAY to view a little more of this marvellous, wonderful, celestial City & its beautiful buildings & mansions & parks & Heavenly scenery.
