were still on Earth.--When you were in a state of sleep or trance or prayer or meditation, tuning into the Lord's wavelength & listening to His voice or the voice of His Heavenly messengers when quiet & often alone, so that there would be no distractions or noises or interference from the static of the Enemy. Our children Here absorb education in much the same way that you did as a Prophet of God there on Earth! 31. "FIRST OF ALL, THE CHILD IS MADE CONFORTABLE, preferably in a fairly prone position where he is no longer conscious of his body, in the communications room where it is quiet & fairly private. There he is shown how to tune in to the Heavenly Communicator in the same way that he has been communicating with his mother & family already.

67. "IT'S AMAZING, ISN'T IT, DAD, that so many Earth people, even Christians & our own, don't realise that dreams are one of the Lord's ways of teaching & training & offering you opportunities to make decisions & educating you with Heavenly education, even in your sleep during the night!

68. "THEY SHOULD BE MORE MINDFUL OF WHAT THEY DREAM & try to get the point & the lesson & remember it & tell it to others, so that they can together share it & its blessings & its messages & its warnings & its interpretations & its revelations, so that you all can benefit from God's sleepteaching in your dreams! (Job 33:15-17)

69. "BUT SO FEW REALISE THIS, how inportant it is, & that dreams are a very important part of God's Heavenly education. Few take advantage of this marvellous opportunity, when their spirit is not asleep & is just as active as ever & can learn just as much, if not more, while you're sleeping.

70. "SO, HAPPY DREAMS, DAD! God bless you & Keep you & give you wonderful visions of all the things that are so wonderful Up Here & so marvellous & all the revelations that you need to know in preparation for your trip below!

71. "SO, SO LONG FOR NOW, DAD, I'LL SEE YOU LATER! I have some other duties to attend to. As you know, I'm a very important official Here now, but of course my biggest job & ministry that has now been given me is watching over you. Dad, & taking care of you & teaching you these things. Soon 1'm going to have to teach you about Heavenly Transportation, besides the little small personal condola that we have already used & the individual flying that we've already

72. "BUT THAT'LL CONE TO YOU IN A LATER LESSON ON HEAVENLY TRANSPORTATION !-- And in fact, you can even get it here in your meditation or prayer or trance or sleep, God can show it to you, giving you pictures in your mind as He so often has, & messages in Words, explaining it, as He will again, if you will just tune in & let Kim turn you on!--And you can't top that! You've already got the know-how, Dad, now go ahead & use it, & you'll find it's far more powerful Up Here, & you have a far better reception & receptivity & much stronger signals & clearer pictures & louder words than you ever had down below! So, use it!--And thank God for our marvellous, wonderful, supernatural. miraculous Heavenly educational system that you have used for so long, & now will use even more & better Up Here! Thank the Lord!"

73. SO ARNER CLINBED INTO THE GONDOLA & TOOK OFF, apparently to return it to the Transportation Pool, as everything is shared Up Here, & we need it no longer for now, as can fly around individually or we ID couples, trios, or very small groups without any vehicles to keep us together--we just hold hands!

74. SO I DECIDED I'D HAD ENOUGH HEAVENLY EDUCATION FOR TODAY & could take a little break with the girls! So we all three piled into bed together again & had guite a romp before a short nap again!--And looked forward to a bit more Heavenly Education in our sleep!--You should really try it more! It's great!--And such an easy way to learn!--Just turn off the sights & sounds around you, & tune in & turn on to the Lord's Heavenly Channels & He'll really educate you in a hurry!--Hallelujah! God bless and Keep you! I love you!--Grandpa.
