

"Children should be taught that there is nothing wrong with their bodies, and nothing evil about sex, and nothing catastrophic about masturbation, but that all are perfectly normal, necessary, natural and God-given physical functions, but that our bodies in no respect must ever be abused or misused or over-used, or exposed or used in such a way as to offend or hurt others or the uninitiated, unenlightened, unliberated or sexually uneducated and inexperienced. They should be encouraged in nude mixed bathing and nude mixed play where socially, legally and climatologically permissible, acceptable and advisable. They should also not be prohibited from mutual self-examination, experimentation or interplay when playing or sleeping together where legally possible and social and housing conditions permit. Very good and acceptable opportunities for this are in the usual and normal natural activities of everyday

life, such as showering together, tub bathing together, swimming, playing or sleeping together." Rev.Sex 258:59.

"But it must be made very clear to your children that such sexual freedom must never be indulged in or practiced openly in the presence of visitors, strangers or uninitiated relatives and friends who have not been properly re-educated in the revolutionary sexual freedom of natural living!--In other words, you will not be able to indulge in such God-given freedoms in the presence of the average systemite or even new disciples or their children or those who have not yet been properly educated in the liberty-loving ways of God's revolutionary naturist.--And I firmly recommend that you adults do the same. Do nothing that would cause your weaker brethren or even a stranger to stumble, nor offend him or her that is weak, like systemites and new disciples." Rev.Sex 258:60.

"Enjoy yourself and what God has given you to enjoy!" 259:93.
