TO RECAP: After visiting Sen-TO RECAP: After visiting Sen-sah again in April 729 a year went by before I could get back to Europe. During that time Sensah kept faithfully encouraging me thru' the mail to stay in the Word & keep reading the Letters, & PTL it kent me close to the & PTL, it kept me close to the Family

IN THE U.S. SOME BRETH-REN CONTACTED ME & I was able to have fellowship. Tho' hes-itant to share sexually at first with any one else, because of my love for Senaah, it was the true love that a sister showed me 8 her reading "Raul's Knife" with me that made me realise even more how unified in love thru' the Letters is this true Family of Love

ONE YEAR AGO I VISITED THE HOME IN SPAIN where Sensah was staying. (She & he previous mate had split up 6 months earlier.) While there I completely immersed myself in Completely immersed myself in the Family life & even had an ex-perience with faith healing for which I really thanked the LordI It was then that I really began to see how the brethren had ded-icated their lives fully to the Lord & how they were trying to live the Letters.

SENAAH'S LOVE FOR ME was trul -Donato: A new life at 541 y from the Lord & that I never did & never will have a claim

to have that settled in my mind for fro then on I felt much more like

brother. SENAAH TOLD ME OF HER SENAAH TOLD ME OF HER EVENTUAL PLANS TO GO TO SOUTH AMERICA, having just read "Americans Abroad". She said she would first land in Central America because she'd met an influential Fish who was going to help her get set-up there. During this visit I met Arthur & Becky & was so inspired by their sample. (Senaah told me later that their sample had given her the faith to make the move of mating up with me & helping of mating up with me & helping

me to become a full-timeri) DURING THAT VISIT A YEAR AGO I BEGAN TO MAKE PLANS AS TO HOW TO FORSAKE ALL & maybe find a mate & a home to team up with in South America. Once back home in the U.S. I began Fishing & found a sheepy wo-man whom I led to the Lord. It was the first time I had ever shar ed Jesus with a systemite while making lovel So wonderful, & she loved it! And it was so grat ifying to be there for her sake & not merely for my <u>own</u> needs for a relationship. THEN IN AUGUST I RE-

CEIVED A PHONE CALL & t was then that I really began to see how the brethren had ded Lord & how they were trying to live the Letters. I COULD ALSO SENSE THAT & thad been led to see that my forsaking her & being willing to put Him first & be in the Family for Him & not only because of her, gave her the burden & the faith. She told me to read the Letter "The Bait That Fell in Love With a Fish" (No. 552). cried

IN SEPT. SENAAH & HER WO BEAUTIFUL DAUGH-TERS ARRIVED & we were betrothed before the Lord & had a communion with the chil-dren & made plans to leave my job & city, selling the house & heading for Central America. We even told my parents & chil-dren who are 29, 23 & 20.

THE LORD HAS REALLY THE LORD HAS REALLY BLESSED US during this time that we are waiting to leave the States. We have established a DTD ministry. Senash has been able to get out litnessing & we have been going out FF'ing once a week at least. We have good potential for a Church of Love. NOW, ANOTHER MIRACLEI

NOW, ANOTHER MIRAULE Senash's Fish, the one mention-ed earlier, invited her to Central America & introduced her to people that would be able to belp us when we get there. She fed him the Word & watched him grow to be almost like a brother! He came to visit us here, staying in our home, & it has now come full-circle. By has now come full-circle. By God's grace I have made the metamorphosis from Fish to brother helping my mate with a big Fish I assure you, it was a bottle-breaker for me, but PTL for your Letters, Dad. I was able to have so much love for him that I cried when he left to return to bit home in Europa AGAIN, GBY DAD & MARIA for your visions & constant guid ance thru' your Letters. It is your taking on His yoke that makes the burden light. Love in Jesus & David, Donato. (*GBY*)

SIMON PETER'S TESTIMONY !-- Given on Video at Loveville!

(Marianne: Well, for our apraial birthday get-ebration we were thinking that we could hear somebody's testimony. What about Simon Peter's? Did anybody hear Simon Peter's testimony before?)

Did anybody hear Simon Peter's testimony before?) WELL, I GUESS IT STATED WITH MY QUITE INTERESTING ANCESTORS. One side of the fam-ily on my father's side were descendants from a long line of seafaring captains-my very old ancestors. Wy great, great, great grandfather captained the first ship that went over to India. IN FACT, THAT SIDE OF THE FAMILY STAYED AS SEA CAPTAINS all the way up until my great-grandfather who I can still remember. He lived to be very old, about 97, & he sailed on one of the last of the old sailing ships.

ships. <u>THEN MY GREAT GRANDMOTHER WAS WHERE I</u> <u>GOT MY ACTING TALENTS FROM.</u> She was a very famous musical artist in Wales. They're all Welsh; that's where I get my middle name, Jones There's at least a few million Joneses in Wales so it's a very common name--Jones SHE Was very common name--Jones

Uones, inere's at least a few million Joneses in Wales so it's a very common name--Jones. <u>SHE WAS VERY TALENTED ON THE STAGE</u> & guite a famous musical artist in Wales. When she had my grandmother she gave up the stage because them she got married to my great-grandfather, the sea captain. Then my grand-mother had tremendous dramatic talents also bat she never had the chance to be an actress herself. So it was kind of something that she encouraged me to do. She was the first a

died when 1 was very young, about three & she was like an angel imy life; I never ever saw her angry or out of the spiritin any way. IF I WAS BAD, SHE'D ALMAYS LOVE ME THROUGH ALL THE CHANGES I went through. She always had tremendous faith in me & loved me & 1 think she was the closest person to me, my grandmother. And my father had dramatic tal-ent too but he was a lawyer; he became a lawyer in the Forces. He had tremendous tal-ents along that line. SO IHAI'S ONE SIDE OF MY FAMILY--WELSH: I'm not really English at all. But the other side of my family are Polish, yes, original-ly from Austria a tually where they were nobility in Austria & they moved to Poland. I'm not sure how many generations back. MY GREAT GRANOMOTHER MAS A GUNRUMMER IM THE LAST MAR AT THE AGE OF 90, quite a legend in Warsaw. Because my grandfather, Emile, on that side was the leader, or one of the leaders 1 think--I'm not quite sure whether one of the leaders or the leader. --BUI HE'S A VERY FAMOUS MAN IN POLAND OF THE UNDERBOUND RESISTANCE DUNING THE LAST MAR. He was decorated with the Victoria Cross & anumber of all the equivalent medals of that side in Poland. And in fact, I re-member when I was a child we had all kinds of different gadgets that they used to use during the last war-a desk that had secret compartments; if you knew where to press, dif-ferent things shot out. You know, secret drawers 8 little cigarette cases where you have a little pinhole & you poke it in & a thing on a spring would come out--they're all gadgets. <u>I NEVER KNEM HIM PERSONALLY</u> because he died out he 's always been a tremendous fac-

thing on a spring would come out-they're 2 all gadgets. <u>INEVER KNEW HIM PERSONALLY</u> because he died but he's always because he wrote a book ng about his exploits during the last war. It's in Polish but a Polish person read it forme. It was incredible, the exploits he did things that make the "Great Train Robbery" look 1 the nothing. He had an underground press & printed up counterfeit money to buy guns & printed up counterfeit money to buy guns & 15 he was a very brave man. <u>ATER HIM AR WINT THE COMMUNISTS 100K</u> <u>OVER. HE MAS OFFERED A GENERALSHIP</u> in the n Communist army or whatever, the new order, to be a Communist, he was a Catholic, a godly man. And so he got sent to prison where he wrote his book. And wy mother & grandmother got sent to Siberia. They weren't there long: they were glockly relaxed under an annesty & they were to Israel.

The other guy got freaked out å he went off to become a monk å he walked to India on foot. The guy who freaked, Harry, he went home à saw a psy-chiatrist å he kind of went mental. He came out of it å then he became a complete flat-lander. <u>MY GIRL-FRIEND & I--WE HAD LOVE & THAT</u> <u>HELPED A LOT</u> to keep our feet down to the ground. But we were still completely spaced-out; we weren't like normal people. We were like four-dimensional people & everyone else is three-dimensional. I had nothing else to do except, I thought, "Well I'll have to go back to drama school because where else is three to go?" <u>SO I MORKED AS A NIGHT-SECURITY GUARD &</u> tried to earn money to Just keep going & to walt the year to go back to drama school if they would have me. But they made me go & see a psychiatrist. Anyway every night I would guard these huge buildings in central London all on my own; it was really freaky. Every-day I would come back home & the whole of the rest of London would be coming to work. <u>I SAM ALL THESE WHITE-FACED PEOPLE & 1'D BE GOING THE OTHER MAT, trying to go up the tubes. I thought, "Mith all this spiritual searching & medita-tion & reading books, I've never really con-sidered Jesus". I believe I got saved then, right then. In fact I remember when back in school I used to say my prayers. <u>MHEN I FIRST WENT TO PUBLIC SCHOOL I USED TO READ THE PSALMS, 'cause I was so Trightened being there, you know. We never spent any money. We were doing good; we'd send back £100 every week to London for which they were very grateful & we never used to spend any of it ourselves, as we didn't think it was right to. The Lord really blessed. SO THEN WE THOUGHT, "IET'S GO BACK. WE SED TO COME BACK VERY MONTH & give our testimonies & stuff like that. "So let's go back this time dressed as Croomellian sol-diers. We can start a whole new thing." SO WE CAME INTO LONDON AS CROWNELLIAN SOLDIERS, WE THOUGHT, Be things, we for-sook our normal clothes. But consider this: we were praying for an Englishman to play the part of Cromwell & here you come into the Poorboy Club dressed as Crommell. Just think, that over." I said, "No, no," So I went back out on the road & we were hitching up the motor-way & got no rides. <u>EVERTINING WAS AGAINST US & I SAID TO</u> <u>THE OTHER GUY. "I'M SORRY. It's been nice &</u> everything we said about blobs but I know the Lord wants me to go back & play that Cromwell." SHE SAID, "WELL IT'S EASY TO LISTEN TO THE LORD WHEN YOU'RE OUT THERE on your own & have that direct channel & you're your own & have that direct channel & you're your own & other people." And I thought & I could see the Lord wanted me to learn to work with other people. Whad learned all those lessons, out on the road. We could go out there & we had complete faith for whatever. SO IT WAS TIME TO LEARN NEW LESSONS. Then soon after that Josh had the idea to try me out reading a MO Letter & that's how the MO Letters on to tape right up until the International Office left London & Beriah moved over to France.
