

New Life For The Old!

The powerful sample of one little family going for God!

From Zachaeus & Lamb; mobile churches & the atmosphere is very relaxed & welcoming.

Adding the "Heart Skit" to our singing made our little show much more powerful, & it is a simple & good way to win souls. WE CAN SAY THAT OUR PAST YEAR OF TRAVELS

OUR FIRST WEEK IN THIS CITY HAS BEEN VERY INSPIRING with the children. While witnessing on the street we met a very sweet lady who invited us to sing at an old folks club she regularly attends. It's a place where people over 60 come together to socialise, mainly Christian or Catholic ladies & some men.

FOLLOWING UP THIS INVITATION KEPT US BUSY the rest of the week & could keep us busy for months if we wanted to, as there are 150 such clubs in this city! At the 3 clubs we visited we got some of the very best reactions we've ever had.

WE FOUND THESE OLD FOLKS TO BE VERY OPEN & receptive to our message. They asked us so many questions, as most of them have grandchildren & they notice a difference & respect it & can hardly believe that a Christian family living full-time for the Lord still exists! One lady was almost in tears as she told us about her children & grandchildren & how they are losing their faith in the Lord. She gave us her address & wants to get her whole family together to meet us.

AT THE THIRD CLUB we did the "Heart Skit" after which many prayed with us & they invited us to go around & make a collection. From the 3 clubs we visited we found 2 of them to be composed of the "upper crust" of this city. We got quite a few more new addresses for our mailing list & we were excited about the possibilities, as there are so many of these clubs around. (See No. 951)

THEY ARE NOT OLD FOLKS HOMES, but almost like little

Sockin' it to 'em at our first old folks club!

Etolle gettin' out the words!

HAS BEEN A LIFE OF MIRACLES!—Especially the past few months, as when going out with the children & the 3 girls being dressed alike & all wearing little hats, almost everyone stops to look & count the children & ask questions & talk about them. **WE ARE LEARNING ALWAYS TO BE A SAMPLE** & be

ready for anything when we all go out together, even when shopping. One of the kids always takes a ukelele along, which causes quite a stir at times, PTL! Thank You DAD!! We sure are glad To let you know We are one year on the go! Travelling all about

Helps us to mellow out. And living together in a small space Makes us more dependent on His grace! His love & mercies have proven sure As we all for Him mature Not knowing what He next may send Helps us more to comprehend The meaning of a "movement" 'Cause moving is what it's all about And with your guidance to help us out Your loving words to keep us fed As they "hit the nail right on the head", We can only sing and shout When the Mags are coming out 'Cause they shine a clearer light On the narrow path we fight That leads us to the victory Of our Heavenly City! Thanks & thanks & thanks again! —One of your very grateful men And many, many hugs & kisses From one of your little misses, And just now the children add, Send much love to our Granddad! —Love, Zachaeus & Lamb.

Crowd stoppers with matching hats & ukelele! Always ready to "stand up for Jesus"!

Etolle leads a 12-year-old Dutch boy to Jesus after witnessing to him for a long time!

I HAVE BEEN LIVING WITH FRANCO FOR ABOUT 6 MONTHS.

When I first came to live with him, it was a real step of faith, not knowing how such a situation would turn out. He had received the Lord but made no commitment to serve Him. However, I had a great love for Franco & received many verses & quotes in prayer which showed me it was God's will, PTL! **IT'S BORNE WONDERFUL FRUIT** as Franco is now a 100% disciple & we have a new disciple on the way! Here's his testimony:

MY NAME IS FRANCO, I'M 33 YEARS OLD & ITALIAN. My search for the truth started at age 22 when I started using drugs. Then when I saw that I had to pay to be "happy" I rejected it as the solution. Meanwhile I travelled all over Europe, America & as far as Afghanistan looking. I noticed that the people of the southern countries were much friendlier than in the northern & Western countries.

BACK IN EUROPE I STARTED HAVING PROBLEMS with my nerves & was given tranquillisers. They only helped my "nerves" but not my mind or my heart. One day the Jehovah Witnesses came to my door & talked about Jesus. I listened to them, & I remember that I went for a walk after they left & felt very peaceful. They kept coming & told me about the End-time, but then I stopped seeing them because they kept insisting I get a haircut & wear a suit & tie etc. Also my friends made fun of my interest in them, & I was not strong enough in the Spirit to resist.

AFTER SUFFERING A NERVOUS BREAKDOWN I tried acupuncture to help my nerves, spending a lot of money, but nothing helped. I also tried

herb specialists which also didn't help. Finally I went to a neurologist who prescribed tranquillisers again. Meanwhile I bought a dog shop so I would have something I could get into.

I STARTED TO THINK MORE ABOUT THE REASON I WAS LIVING, how everything in the world is getting so bad, how people were becoming worse, including me. After a year on tranquillisers, I started seeing a psychoanalyst. I went twice a week, again paying a lot of money so I could tell someone my problems. He would tell me that I had to be strong, make myself more independent of others & not need so much the love I was looking for. One time I wanted to sell my shop & go somewhere to be a missionary, not even knowing Jesus at the time. When I told the psychoanalyst this, he told me I should not try to run away from "reality".

AFTER A YEAR OF THIS TERRIBLE LIFE OF BEING SO DEPENDENT on the tranquillisers & psychoanalyst, I reached rock bottom. Sometimes I would be in the shop & cry out

"Jesus, Jesus, help me!" Finally the help came!

A FRIEND & I PICKED UP 2 GIRLS HITCHHIKING. One of them, Jeshanah, gave me her phone number. I phoned the next day & started seeing her a lot after that. She told me about Jesus, which I knew I needed, & I prayed with her to ask Him into my heart, PTL! However, I was still seeing the psychoanalyst & using tranquillisers, & I was ashamed to tell Jeshanah.

WHEN HER HOME CLOSED DOWN DUE TO PERSECUTION I invited her to live with me. For a few days after she came, there was a tremendous battle in me between God's Spirit & the Devil's bad spirits wanting to keep me unhappy. After 3 days I finally told Jeshanah about the psychoanalyst & the tranquillisers. She immediately told me that the Lord would help me & we could fight this depression. When she wanted to read the Bible with me there was a spiritual battle. I prayed with her against this spirit & immediately I had peace. Then we read about the Devil & doubts in the Letter "Dumps". This really helped me to fight. From then on we read the Bible & the Letters often, & with this strength I was able to stop the psychoanalyst & tranquillisers.

NOW IN THE NEW LIFE THE LORD HAS GIVEN ME I feel so much better, I'm living right, eating healthy, stopped smoking, am growing spiritually & witnessing to my friends. I'm now in the process of selling my shop & then go wherever the Lord wants me to go. I am very happy & Jeshanah is happy (now pregnant). My greatest desire is to help others, to grow more in the Spirit & finally to see all my brothers & sisters in that Heavenly City! Love, Franco.

FF News!

Fruits of Love Worldwide!

From Jerusalem, Asia: FOUR MONTHS AGO I DECIDED TO JOIN AN ESCORT SERVICE to help raise funds we needed for new housing. Little did I know that during this time I would meet some of the sweetest & most responsive men (big Fish too!).

I ALWAYS TRY TO SLIP IN A WITNESS, & as a result I have seen some men just about brought to tears when told that they can have "all this & Heaven too" & that God is a God of Love. Most of them are so touched by just a sample of God's love & just soak up the littlest bit of concern that I show them. Lots of them comment, "I'm so lucky you came. You're so different. Thank you very much." Thank You Jesus!

HERE ARE A COUPLE OF NOTES I RECEIVED from a rich American businessman who had a problem in his metabolism making him very big & fat: "You are as beautiful inside as you are without. Thank you for making a lonely stranger feel beautiful also." "There are times words only get in the way, & this is one of them. Continue to be as honest & kind as you are, & for you & your son, may the Lord bless you & keep you & give you peace!"

SINCE THEY ARE SO IMPRESSED BY THE "KINDNESS" shown to them, they usually don't mind helping with a big donation for "living expenses". Some have even commented that the love shown them could never be bought at any price, anywhere.

AND BECAUSE WE'VE BEEN ABLE TO "USE IT", it has more than supplied our needs & enabled us to help other needy Family members too,

TTL! Love never fails! Love, Jerusalem (your Feb. calendar girl). P.S. TTL 4 a loving mate who continually supports & encourages me!

From Sam & Kezia; S.E. Asia: IN THE 3 YEARS OF FF'ING HERE WE HAVE WON SO MANY FRIENDS! Almost all the men we have FF'ed have helped us financially whenever they are asked & some on a regular basis, aside from their support in just loving the Family & witnessing for us & the Lord to their friends & introducing us to them in such faith that we will bring to them the same happiness, TY J!

TWO OF OUR CLOSEST BROTHERS WON THRU' FF'ING have done so much to encourage & help us & others. A., an JRF'er & lawyer, helps all foreign brethren to stay in this country by personally handling all the visas & even a lot of the expenses which is a considerable amount yearly. He visits all the Homes & helps with donations & groceries, as well as introducing us to top officials & businessmen. He is truly a blessing!

ANOTHER, B., AN ARCHITECT, has opened his own home to several families & lets anyone stay with him when passing thru'. He quite often entertains Family members on their free days by letting them visit a club he belongs to. He takes us on trips & outings & has also taken several girls FF'ing, just to be there to pay the bills & help the girls enter the bars. The most fruitful progress, however, is that he has now started Bible & Mo Letter classes in his home, taught by different brethren, to which he invites his friends, & our girls come to witness to them. He also loves the Word & has memorized over 1,300 verses! Recently at a Family meeting to discuss the need for a refuge, he

was there & a few days later he & a sister were witnessing to one of his friends, B. presented this need & after the man got saved he gave the Family his vacant farm which we are now stocking for use! PTL!

DURING RECENT MOVES WE NEEDED FINANCES. The Lord miraculously supplied every penny thru' FF'ing when 3 FF'ers loved 21 men, leading 4 to the Lord & making some new friends to keep on the line, bringing in over \$2,000 in donations! TY J! We pray this encourages others how fruitful FF'ing can be, as we constantly go thru' the Letters for guidance. We have truly found the answer we needed to every problem we've encountered, & when we followed Dad's counsel the Fish eventually made progress in themselves bearing fruit for His Kingdom! Love, Sam & Kezia, VGS.

From Christina Joyous, single Mom of 2; Eur.: PERHAPS MANY OF OUR PREGNANT SISTERS, like me, feel that when they begin to "show" it's time to hang up the ol' FF shoes for a while. Well, I found it need not be true!

ONE FISH SAID THAT WALKING WITH A PREGNANT GIRL made him feel "important & special". Walking into a "fishing pond" when pregnant is a great way to attract a Fish's attention & a good conversation starter.—A bit bottle-breaking sometimes, but really worth the humbling as I've met so many hungry Fish who need & want a "real mother of God" to help them grow! Try it!
