

## Hit & Run Litnessing On Motorcycles!

A NEW TEAM GETS TOGETHER & HITS THE ROAD - 1ST TO THE CHURCHES & THEN TO THE MULTITUDES!

From Isaac & Ruth; Indonesia:

**THIS PAST MONTH HAS BEEN ONE FILLED WITH EXCITING CHANGES FOR US.** Our home has grown in number from 2 adults & 2 children to 5 adults & 4 children. Daniel & Miriam & their 2 children came along to join us, & Sam, who had been living on his own for awhile, came along to join our home a little later.

**SHORTLY AFTER GETTING TOGETHER**, we headed out on the road, all 9 of us, first of all to a little beach house that a friend let us use. We were able to spread some of the Lord's light into the darkness there, & TTL we were able to witness to many of the local people & to encourage the little handful of Christians there to "Change the World".

**BEFORE LEAVING OUR BASE**, we had put together & printed up a program to present to churches, containing a couple of songs, a slide show, a short skit & a salvation prayer at the end taken from the Baby Tract. The program lasted about an hour, & we had used it at our own Church of Love at home several times, leading souls to the Lord with the simple little prayer at the end.

**THE LOCAL PASTOR AT THE ONLY CHURCH IN THE AREA WAS VERY HAPPY & encouraged when we went to visit him & have fellowship with him. The following couple of evenings we did programs in his church. It was located in a little back alley with no electricity, but TTL we were able to borrow a small generator to put on a slide show at the end of our meeting. We shared with them about witnessing to others, & before leaving we got their addresses for the Indonesian Mail Ministry so that they can continue to be fed.**

**FROM THERE, THE GIRLS**

Daniel & Sam riding motorcycles thru Indonesian villages. (Great new idea on Litnessing! Try it on poor fields!)

**KIDS RETURNED TO OUR BASE HOME**, & Daniel, Sam & I went by motorbikes to a port town. We took with us a lot of lit & a projector, & we boarded a ferry to cross over to another island. There the roads are rough & the people are a bit wilder, so we had to change our method a little.

**IN THE LARGEST CITY**, we were able to hit their recreation resort area & get out a lot of lit, but in the smaller cities we went to shop & were able to stay with families along the way. In some areas we had to adopt a "hit & run" type of mission. We would ride into town, gather a crowd & literally throw out handfuls of lit. Everyone would dive on it & grab it while we'd ride off before anyone got mad or even found out who we were. We'd ride out of town leaving the whole street of people with lit in their hands.

**WE DID THIS IN EVERY TOWN WE ENTERED**, knowing that as the Lord said, His Word never returns void, & all of those interested can write in to our mail ministry for follow up. Telling people about Jesus is not against the law here, but some locals might not like it too much. When we entered a town where we intended to stay the night, we couldn't get out the lit like that in town, so we had to change our method a little. We would ride into town, gather a crowd & literally throw out handfuls of lit. Everyone would dive on it & grab it while we'd ride off before anyone got mad or even found out who we were.

## Winning Japanese Children Thru Club

"THE HAPPY CHILDREN CLUB" GETS GOOD RESPONSE & LOTS OF SOULS SAVED!

From Cedar, Marie & Melanie; Japan:

**WE NEVER REALISED HOW EASY IT WOULD BE TO START AN "OPEN THE DOOR FOR THE CHILDREN" MINISTRY** until we tried it, & we were shocked! Besides reaching lots of souls, being an inspiration & encouragement to our queen & a testimony in our neighbourhood, it has been good for our own children in teaching them to witness & minister to kids their own ages.

**WE STARTED TO GATHER OUR LITTLE "FLOCK"** by going to the nearby park & witnessing & singing to all the Japanese children that would gather around our kids. Soon we began meeting them every Sunday & having little Bible stories there.

**BUT IT WAS HARD TO REALLY FOLLOW UP ON THE KIDS** until we began to have get-togethers at our home on Sunday mornings. All the little Japanese children were just tickled pink to be invited to the foreign children's house.

**WE DIDN'T WANT OUR SUNDAY SCHOOL TO SOUND TOO RELIGIOUS**, as we knew some parents would not like that. So we made it a little club--"The Happy Children Club". We put together a form letter explaining the club's activities & sent it home with each child. We simply said that we were a missionary family starting a little neighbourhood club with songs, Bible stories, skits, art projects & games, & a once-a-month birthday party. We also said that we were teaching a little English. Well, the response was very good!

**BASICALLY, OUR "CLUB" MEETINGS LAST ABOUT AN HOUR & A HALF.** We start out with songs, our theme song being

"The Time To Be Happy", which all the kids know in Japanese & English. Then we have prayer & a Bible story or No Letter, usually a flannelgraph, & afterwards we pray with any new children who have not received Jesus.

**THEN WE LIKE TO HAVE AN ART PROJECT OR A SKIT OR THE PUPPET SHOW ETC.** followed by snack. During snack we learn a new English phrase, & that's also the time for any announcements. We try to give the kids something to take home each week, like their own copy of a children's No Letter or a Bible story leaflet.

**THEY ALSO HAVE THEIR OWN SPECIAL "MEMBERSHIP" CARD** & an attendance card. Once a month we have a birthday party with a cake & games & prizes, & the birthday kids get a present, usually a Bible story book.

**NOW THAT WE HAVE A VIDEO MACHINE**, we have been using it a lot in reinforcing God's Word into the children via such good movies as "Jesus of Nazareth" & "The Bible", showing different parts to correspond with the Bible

story of the week. They love Kid Power too!

**IT'S REALLY BEEN AN INSPIRATION & LOTS OF FUN**, requiring very little effort on our part. We keep getting new & better ideas all the time. It's been especially good for Theo(9) & Joy(8), our oldest, as they feel the responsibility the Lord has given them in reaching children their ages. (Amen! FYI/PTL GBYV-D.)

## Re-pioneering Japan With Kid Power!

FAMILY SENDS KIDS TO JAPANESE SCHOOL TO LEARN THE LANGUAGE; SINGING MINISTRY IS A HIT!

From Ephesians L.A.; Japan:

**DANIEL(S), SANCHO(B) & SETH(6) BEGAN SCHOOL HERE**

**IN JAPAN** a month ago at a local all-Japanese school. Inspired by "Are Your Children Becoming One?", we felt that since all 3 can read & write, we would take a break from their "normal" education for one year saturate them in Japanese, as we hope to stay here indefinitely & feel it would be an asset & they could hopefully become bi-lingual.

**AT FIRST WE THOUGHT THAT IF THEY LEARNED NOTHING BUT TO READ, WRITE & SPEAK**

**JAPANESE**, it would be worth it all! After many, many miracles the Lord opened all the doors, & after our first meeting with their teachers we were even more turned on, as each teacher

felt that within 3 months they would know enough Japanese to learn such things as science, social studies etc. right along side their fellow students.

**AND AFTER ONE MONTH, I KNOW IT'S TRUE** they are learning so quickly it's unbelievable, & they love it! It's been a tremendous blessing to all of us & a terrific testimony to all! It's also free!

**LAST WEEK SANCHO BROUGHT HIS TAPE RECORDER TO SCHOOL**

& was playing the tape they had recorded the night before of practice songs in Japanese for street singing at lunch time. His teacher heard it & asked if he would sing to the class. Sancho, being the "star" he is, climbed on top of his teacher's desk & sang his favorite 3 Japanese songs: "Everybody Can Be Happy", "MNN" & "I Believe in Love".

They loved it, & the teacher asked if the whole family could sing for the school before the coming holidays! Daniel, Sancho & Seth & I are introduced to their Japanese school.

**BESIDES GOING TO SCHOOL, THEY ALSO SING & LITNESS** on weekends & do occasional modeling jobs! Japan is such a ripe, ready & open field that we hope this encourages more large families to step out on the water--the Pacific Ocean that is--help win & win the sweet, loving Japanese--  
LITNESS, to each his own!

**BESIDES OUR FAMILY OF 6 CHILDREN**, there are at least 5 other families of 6 children also, & many others with 4 or 5. There are 15 million people in Tokyo alone, & mostly young people! The kids are taking over! Even in litnessing, our children do as well or better than the big people! Watch out World, the children of the Children of God are coming! We love you! (Amen--Here we come! Help'm NOW!)

## ROGUES GALLERY!

**WARNING:** We have just gone through 2 mos. of attacks of the devil! This came about by our allowing a "sister" to stay with us. We feel it is our duty to the Family to warn them about this person as she is very dangerous. She is physically violent & even tried to kill Ephraim (my husband) with a knife! We finally had to have the police come to remove her from our home. There's no space here for the details, so I'll write a detailed report later & will send copies to WS, the VS & you. She has a year old daughter, Gaby. Please keep the child in your prayers as she is continually beaten & abused. The sister's name is Seidi Saunders (Shalom), 32 years old. (Sent in by Harmony Light in Austria.)

**EXCOMMUNICATION:** This is to inform you about the excommunication of Stephen Crown, alias Beden, legal name Konstantin Markoff. He has been excommunicated 2 times, but has managed to slip back in again. His state now, however, is worse than ever, & he definitely has picked up an evil spirit. For a couple of

years he lived with a sister in Norway & it happened he got violent with her, harming her physically in front of the children, which of course made them fearful. Also, after they decided to split up, he has called her ugly names because she FFs, for he is insanely jealous. He also has been offending fish & friends of the Family & almost turned some of them against us. So he is generally being a bad testimony to the work. He's gotten several warnings, but has steadily grown worse. He's got a subtle way of getting people to feel sorry for him & to accept him by giving them gifts & treating them nicely for short periods of time, then turning right around & charging them money for it. He is into reading porno-mags, even after the Letter came out about it, & speaks about sex in a dirty way, even to new friends of the Family. This excommunication is a united agreement by all Family members in this area & even suggested by the VSs. - Eleazar Drummer (LAS), Heidi Miracle, Caleb Norwegian, Anna Norwegian, Heidi, Ragnhild Monsen, Frankie Beryl, Norway.

## A Humorous Salvation Experience

A LITTLE CHILD PUTS JESUS TO THE TEST & DELIGHTS IN THE RESULT!

From Martha Mushi; U.S.A.:

**AFTER SEVERAL MONTHS OF HAVING REGULAR MEETINGS FOR OUR KIDS CLUB**, Chali a little 5-year-old boy was saved. He doesn't come from a Christian home, so he had to be taught many things, like who Jesus is, how to pray, & what sin is.

**AFTER BEING TOLD THAT NOW HE HAS JESUS IN HIS HEART**, he looked down at his stomach & said, "How do I get Him out?" Well, that took me back a bit, as I never was asked that question before. I couldn't believe he would want to change his mind.

**I SAID, "BUT CHALI, YOU DON'T WANT HIM OUT, DO YOU?"** "WELL HOW DO YOU GET HIM OUT IN FRONT so I can pray to Him?", he asked.

**I HAD TO LAUGH.** "Oh,

Chali, keep Him inside so

Chali (5). (Photo by Joseh)

He can hear you better all the time & He can help & protect you." The word "protect" triggered another question:

**"WHEN I'M AT SCHOOL & A BOY HITS ME, what do I do?"** My daddy always says hit them back. Now what do I do?"

**WELL, I REALLY HAD TO PRAY REAL FAST FOR A GOOD ANSWER TO THAT.** I never

like to go against a parent in front of a child, but yet I must try to stand up for my convictions. So, I just said, "You just tell Jesus." He seemed happy with that reply & ran off to Tommy's room (my 14-year-old son) to play.

**NOW TOMMY HAD HIS MODELS & LITTLE THINGS OUT** that were not child-proof, so he tried to get Chali out. Chali can be quite stubborn at times, & Tommy started to shove a bit, but then he decided to start playing with him & tickling him.

**AFTER A WHILE CHALI CAME RUNNING IN TO ME SAYING:** "Martha, Martha, Tommy was hitting me, & I told Jesus. Then he stopped hitting me & started playing with me!"

**PRAISE GOD!** God never fails those little ones' faith! (Amen! Hallelujah! GBYV)
