

passed out brochures we have explaining just what we do.

AFTER THE CLASS THE MANAGER ASKED US TO JOIN HIM FOR LUNCH. We had just sat down when he started to tell us how he was so surprised that Charity was involved in the Daily Might. He has known her for some time but had no idea that this was the particular missionary work that she was involved in.

HE TOLD US THAT HE HAD READ THE DM IN THE NEWSPAPER when it first started running and was envious of whoever it was that had thought of the idea and was even a little disappointed that he had never thought of such a column before. Well, as you can imagine we quickly responded to this and told him that the very reason we had come to see him was that we needed his help and that he could become part of it. He really lit up at the mention of this as he sincerely loves the Lord and is such a solid believer in the Word. GBH. He later took us to his office and called in the man in charge of the radio network and told him to try to get it ready for airing. This man very sweetly looked at us and said, "When would you like it done - yesterday?" Ha! GBH. They really want to help and to do all they can.

IN A FEW DAYS WE BEGIN WORK ON A PILOT SERIES. We will try to see just how it will look and what way to best present it. At the moment we plan to have the tapes with Simon reading while we will

have a beautiful scene being shown. A scene such as a flock of birds flying, a sailboat bobbing in the water, a sunset, children playing, a couple in a park, etc. Actually the new tapes of the DM for the unsaved has arrived just in time and these will be the first ones we do.

THE MANAGER TOLD US THAT ONCE WE GET THE PILOT DONE HE WILL TAKE THE IDEA TO THE COMPANY PRESIDENT AND OWNER and ask him for free air time. A 2-2 1/2 minute spot each day after the news. Also they might put it on before signing off each day. On the radio, they plan to run it 3 times daily. At sign on and sign off and after the 6 o'clock news.

WE ALSO PRESENTED HIM WITH A COPY OF THE DM MONTHLY BOOKLET we had printed. He liked it so much that he asked us for another 50 so he could give them to friends.

PLEASE PRAY WITH US ON THIS and that the Lord gives us the ideas and the opportunities to really put the Word into every home and every heart in the whole of this country.

IF YOU ARE ABLE TO HELP OR HAVE ANY IDEAS that you think we might be able to use then please pass them on. We are more than willing to listen to any suggestion you might have.

Daily Might Reaching Millions! Part 2

From: Jude Horizon, S.E. Asia

THE PAST MONTH HAS BEEN A TREMENDOUS MONTH for all of us here. So many newspapers are interested in the Daily Might that it has now turned into a major job just sending materials and replying to the readers' letters. Charity has now joined us to help and has been a tremendous blessing in helping to raise support and to also act as our pretty salesgirl. GBH. We started the month by sending letters to every newspaper in this country that we could find the address of. In all it was over 100. We as well sent letters to English language newspapers in 11 Asian countries.

PROBABLY THE MOST ENCOURAGING THING IS TO SEE JUST WHAT AN EFFECT IT IS HAVING on the country as so many are reading. We have personally met or heard from 20 people who regularly cut out the column and are making a collection.

EVEN IN REMOTE CORNERS OF THE COUNTRY THE DAILY MIGHT IS NOW WELL KNOWN as we found recently when on a road team. We spent one week visiting all the smaller newspapers in 4 provinces. Some of these we had written to and others which we did not have the address of. The result was just fantastic. Some had even started to run the sample material that we sent in our introductory letter to them.

WE HAD 7 PUBLICATIONS ACCEPT MATERIAL for immediate publication and another 6 said they will soon start. Although many of these are small they help to saturate their area with the message. In one city all 3 newspapers want to run it and we will provide each with different material.

WE HAVE FINISHED PUTTING TOGETHER A MONTHLY DM BOOKLET to send to all that write in, and it is also useful for DTD, fish food, etc. It starts with some pages on salvation and the Holy Spirit and works through to end off with some

good pages about witnessing. While provisioning for this job we were able to lead one printer we met to the Lord.

IN THE LETTERS WE SENT OUT WE INCLUDED REFERENCES from the editors of two of the countries leading papers. And as one editor we approached said, "With recommendations like that, from those two men, how could we possibly say no to your column?"

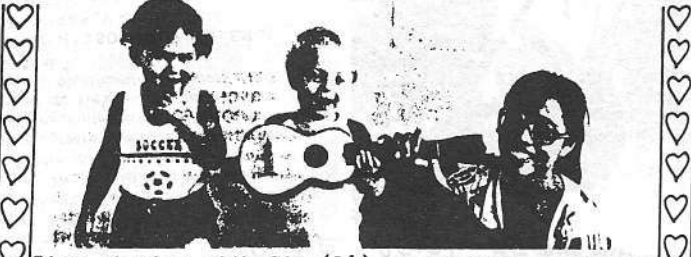

Our pretty sales girl, Charity

AT ONE TIME WHILE ON THE ROAD we were so frustrated that we were not able to get as much done as we wanted and then when we went to the office of one paper we met 3 editors at once and all agreed immediately to run it. God did it all and it would have taken a full day to have otherwise visited these people as some were from another town. When we go slow we get things done faster.

WE ALSO WROTE LETTERS TO MANY BUSINESSES RAISING SUPPORT for our work and have had some very good donations. They are happy to give to something that they can clearly see having such effect.

IN ALL WE SENT OUT ALMOST 400 LETTERS for the month. A lot of typing went into it but it was so much fun and has united us so much as we all share the load, the goal and the many victories. If you are able to help us then please send a donation. It will help us to reach millions each month.

All for a good cause

Australia's hottest busker? Photographer John Pinfold was strolling past Sydney's Hilton Hotel when three-year-old David struck up a happy tune.

"SANDRA & I WERE MATED THIS MONTH—now I'm a daddy to her two children—it's been a great victory busking together & the Lord's blessed it with funds, souls & interviews & a story in the paper. Many hearts have been won." (Michael & Sandra; Australia)

He and his friend Michael are popular city buskers, delighting crowds as they raise funds to send missionaries to South America.

Missionary Mail Ministry Started and Running!

An Encouraging Example On How It's Never Too Late To Start A MMM!
From Josh & Miracle: S.E.A.

1)GBY! WLY & are so thankful for the Mag & fellowship of our wonderful Family! The scripture is certainly true "the path of the just is as the shining

light that shineth more & more unto the perfect day". (Prov 4: 18), as we follow the Lord through the Letters! TYJ!

2)We have recently gotten the burden for India & are now preparing to go. During our 4 1/2 years in the Philippines witnessing was our most consistent supporter, & some f'ing & also escort work the last 8 months in Hong Kong. I never put the mail ministry as one of our priorities because we got our support these other ways, & also a lack of faith that we could make it pay. But now we desperately need it & thanks to the vision Dad has given through all his encouraging counsel & testimonies we now have the faith to really work

Joshua & Miracle Free with Sharon (14 mo) & Gabe (3 yrs)

on it!
3)And already the Lord is answering! We received a note at Christmas from a 19 yr old sailor in the US Navy. We met him in the Philippines one night when he had been drinking. He told us how he was backslidden from the Lord & asked us to write to him. So I did & he answered with a little note & two dollars. Then we sent him our Christmas prayer letter & he answered right away with \$40 & a short note. GBH!

4)Another friend in the Philippines answered us whom we had not seen or heard from for a year, & he replied, "your letter does not only surprise me, but shock me indeed! It proves you still remember a friend far

away. Thank you very much!" He also sent the addresses of 3 friends for us to visit & a small donation.

5) As Dad said, the mail ministry is hard work! I have to keep reviewing the Letters about it to keep the vision & the faith! It seemed like an impossible situation & still does seem like a long way before India with Home Support, but we're standing on the promises of God & He'll do His part! It's going to take many miracles but after all that's the way God likes it 'cause then He gets all the glory! PG! Please help us with your prayers & some financial support if you can. GBY&MYABTM! Lots of Love, Josh & Mir, Gabe & Sharonxxxxoo

PARTY OUTREACH STARTED IN SINGAPORE

Change Your Bible Study To A Party & Attract More People!

From Mark Gypsy, Singapore:
GBY! Here are a few inspiring outreach testimonies from our work here in Singapore. For quite some time now we have been attempting to organise a regular C.O.L. or Bible Class for the many sweet sheep we are meeting & ministering to regularly, a time when they can see a real loving sample of our heavenly homes & a good chance to feed them the Word & draw them closer into the circle of our loving fellowship, PTL!

We have to be very prayerful here & avoid any semblance of an organised group. We began by having quiet meetings in city parks & gardens & this worked okay for a while but soon we found that it wasn't progressing so well as people weren't so enthusiastic about

coming to a park each week for a Bible class.

Then at one of our LAF meetings we all felt inspired to change it from a Bible Class to a Party, or a barbecue! Everyone loves a party so that became very attractive bait - ha! So for the past few weeks we have been having regular parties with songs(MWM), gypsy dancing, skits (both funny & with a message) & plenty of Word, TYJ! Hal!!

It has proven to be so fruitful & now a sweet girl who just recently met the Family & loves the Mo Letters is letting us use her apartment for a get-together with the sheep each week, PG! It has really sparked our fire & is helping us draw the net & woo & win them into the Kingdom.

Love, Mark Gypsy.
