

we have sung, they refuse to go away, but want us to keep feeding them.

9) BETWEEN SONGS WE TALK A LITTLE TO THE PEOPLE, tell them we are missionaries, but that we don't belong to any church in particular, but that we welcome all those who sincerely believe in Jesus & that we are working to give a message of love to all mankind. Between every couple of songs we find it important to remind the people to read the sign & receive Jesus, & also to put a donation in the box.

The billboard in front of us inspired many to receive Jesus.

10) TO ENCOURAGE US, THE VERY FIRST DAY WE STARTED BUSKING, the Lord sent along a sweet reporter from the local newspaper. He wrote a very favourable report about us, that has helped us tremendously in our

provisioning & witnessing. The circulation of this paper is 20,000, but read by at least 60,000.

Joy & Miracle take "cuddletime" after witnessing

11) JUST A WEEK AGO IT LOOKED VERY DARK FINANCIALLY, as we had so many debts, however we decided to first of all set aside our 10%. Normally we prefer to give 15%, & the Lord always more than repays us, even though sometimes it looks like such a sacrifice. The Lord has so blessed our busking that He supplied \$600 in just the last 5 days & thus enabling us to pay all our debts & still be able to send 15%. Hallelujah! Lots of love in Jesus & David, Enoch & Lily, Grace, Juan & the children XXOOXXOOXXOOXX

## Missionaries Bound For S. America!

How One Family Did It! -Getting Desperate with God!  
From Laz & Talitha Pismo: USA  
Dear Dad & Maria & Family:

1) Greetings! We love you & pray earnestly for you & all who follow the Lord's call into to all the world to win lost souls. We wish to share our testimony to encourage all who are pressing toward the mark of reaching the mission fields for Jesus.

2) The turning point in our lives was the Letter no 1049, "Nivea Of The Sea". God's faithful warnings to us to

heart...constantly in order to get...home support...get fruit...win souls & really witness!" (Letter No 1049)

3) Church Ministry: Our vision & plan to go to S. America as a missionary family (of 7) was realized as we started raising

home support through the local churches. This was our first step of faith! 4) How we got started reaching a few of the non-denominational churches in our area took a lot of initial

Laz & Talitha Pismo

get serious in prayer & serious in seeking His will & answers because we weren't serious enough, desperate enough, nor crying out for His help. As you said, Dad: "You weren't willing to really work for it & search for it & seek it & find it & get the answers & really depend on God by faith...seek God with all your

sowing. That is to say: we made our first contact by visiting on Sunday morning service, or being invited by its members whom we met out witnessing, or over the phone.

5) Following this, we put our "best foot forward" & sought for a way to have the children perform, whether at a night service, prayer meeting, etc. The children and their singing.

performing skits & boldness turned out time & time again to be the key to unlock the hearts of those to whom we ministered! And later on, we added a puppet show & slide show, too, to aid in presenting ourselves & ministry. Try it!

6) "It's von ting yust to shtick" & it took a lot of stick-to-it-iveness to begin this type of work & to see it through to the end. This God blessed and by it came many good contacts, friends, 250 souls saved, 98 Holy Spirit baptisms & 6 radio performances!!

7) Mail Ministry: Our next step was the developing of a missionary mail ministry with monthly newsletters, tapes & literature being sent out to increase our witness, gain support & make new friends. It was this follow-up & vital link of communication that finally led to completing our home support.

8) Desperate Prayer: Dad's Letters (esp. no 1049) gave us the "kick in the pants" that we sorely needed to finish the job. The Lord immediately dealt with us through a car wreck to show us we were not serious enough about Mk 16:15. "So what you need to do is pray desperately!...Knock on the windows of Heaven & ask God... to help you get out of the mess & not be blocked or hindered."

9) Thereupon we spent a day in fasting & prayer about our situation & our burden to go to S.

America...then, boom! boom! boom! - the Holy Spirit went to work & we saw results!

10) Through prayer the Lord showed us a vision of a key to the mystery of going into all the world... & that key was a particular person, Laz's father. Startled & awed by this vision, we received specific instructions from the Lord about approaching Laz's father & so we proceeded by faith... & he agreed to finance us to S. America. Glory to God! (Note: This all came to pass on New Year's Day --what an answer to prayer & right start for the new year.)

11) Additionally, we began selling our trailer, accumulated supplies & storage, & are now in the last days of preparation before leaving. The Lord said to us, "If you are serious about going...then proceed as though you possess." And the Lord added additional pledges through 2 more churches with more to come! So that we have over \$ 300 from our church ministry with Laz's father financing the remainder.

12) In Conclusion: If we believe the words of the prophet we will do all we can in prayer and action, & God will do the rest! TYJ! (Try a little umph & you'll triumph.) Amen.

"Winners never quit, but quitters never win! When things get tough, you've got to fight all the harder!" (DM February 29).

## MCV Explosion In Chile!

From Zichri, Hepsi & Luz;  
VSs of Chile:

FROM THE NORTH TO THE SOUTH, CHILE'S RADIO STATIONS HAVE BEEN VERY RECEPTIVE TO OUR FAITHFUL MCV SALESMEN! The beautiful sounds of MCV will soon be beaming everywhere in Chile with over 20 radios committing themselves to play the show & it's just the beginning!

MCV Booker, Hepsi, at a Fellowship Meeting

WE REALLY BELIEVE THIS RADIO SHOW IS GOING TO BE A REAL KEY IN WINNING MANY NEW CATACOMBERS & EVEN LIVE-INS! We feel like we're really entering into another man's labors when we bring these beautiful tapes into the radio director's offices, after

reading all the exciting testimonies from Loveville & Villamor. The show practically sells itself, it's so well-done. It's just like Dad said "They got so fascinated with such good music & everything that they just kept on listening, got so curious!" (929:43)

HERE ARE A FEW TIPS ON SUCCESSFUL MCV BOOKING THAT WE GATHERED TOGETHER AFTER DISCUSSING IT WITH A FEW LOCAL MCV BOOKERS!

1) Prayerfully read the Letter "The Music with Meaning Show" #929. All the answers are in this Letter based on years of Dad's experience.

2) Listen thoroughly to the show a couple of times to get tuned-in as to how good the show really is! Then sell it with a bang! No better way to sell than to get sold on your product yourself!

3) Find a list, or look-up in the phone book all the local radio stations. Find out the wattage of each one, as those with higher wattage are usually the most popular & important. Give top priority to these, as they usually can reach millions instead of just thousands.
