WEEKLY NEWS OF THE CHILDREN OF GOD
PIONEERS & LEADERS OF THE JESUS REVOLUTION!

LETTERS TO THE EDITORS

The world's newspapers are so full of horror and bad news. But God's newspaper is of such good report, letting the sun shine in causing the darkness to flee of itself!--Timotheus; U.S.A.

The posters in the NNN have been a real blessing and if we could have more of these to stick on our walls it would be a real inspiration!

--Ecanus; U.S.A.

From the front cover to the back page everything is so significant and exciting. We especially

love to read the news specials on one field where the Lord has really moved. They increase our faith and inspire us to win our part of the world!

--Cush & Creation; U.S.A.

Proof of the pudding is what we need and the NNN supplies it abundantly!--Cephas; Japan

That NNN really inspires my faith that God is doing it all over the world and compels me to stir myself up and launch out on faith in new areas!--Daniel; Japan

What can I say? I felt like giving up, but then I read the latest issue of the NNN. After reading your inspired arrangement of testimonies and pictures, my heart exploded with joy! I was left in amazement and felt like I'd been transported from one space to another. The NNN bridged the gap and God used it to save my life. I love you. Thanks a lot. With tears of love and joy, Z.S.; Japan

MO on MAO!

Quotations from Moses David on Mao Tse-tung!

THE PUREST POLITICAL COMMUNISM IN THE WORLD TODAY IS MAOISM. The purest political communism today is the Maoistic communism of China! The Chinese are very smart people! Anybody that can lead 800 million people must be quite a leader.

YOU MAY NOT LIKE MAO'S LACK OF RELIGION OR SOME OF HIS PHILOSOPHIES AND METHODS BUT anybody who can unite the whole country and bring peace and prosperity and purity to the country and reconstruction and keep everybody busy and nearly everybody happy, has to be some kind of a genius! --From whom we might learn a few practical ideas on how he did it-- how he organised his revolution into a well-integrated and effective nation which now threatens the world!

Back To The Land!

MAO IS DOING ALMOST THE EXACT OPPOSITE IN CHINA OF WHAT THE COMMUNISTS ARE DOING IN RUSSIA. Lenin's first big push, and that of every Russian leader since then, has been toward high-powered industrialisation and heavy industry, huge manufacturing plants, munitions plants, power

plants, gigantic projects, trying to beat the capitalists at their own game of industrialisation! But in so doing they have become rather capitalistic themselves in the process! Russia is now amongst the rich, powerful and bourgeois!

IN MAO'S CHINA EVERYONE USES HIS OWN LITTLE HOE OR SPADE and each carries his own little basket of dirt or rocks by the thousands upon thousands, thus keeping everybody busy, productive, out of mischief, efficient with what little they can do with what little they've got to do it with, and of whom there are always plenty more spread out all over China in case anybody fails!

AND THIS IS HOW THEY'RE GOING TO SURVIVE, each on his own little plot in his

own tiny village, while the super-powers destroy their super-selves and their super-cities with just a few well-placed super-bombs!

Power Of The Pen!

MAO HAS ALSO BEEN A LOT MORE INSISTENT ABOUT THE PEOPLE STUDYING AND MEMORISING HIS WORDS and works and implanting them on their hearts and minds to thoroughly communise them. Because unless you change hearts, you haven't accomplished anything! Mao has been a better soul-winner than either Marx or Lenin!

THIS IS WHY MAO HAD TO GET OUT HIS LITTLE RED BOOK, "Thoughts of Chairman Mao", and make 'em memorise it, so they wouldn't stray away from the original ideas of their leadership. It wasn't Mao's teachers or leaders who did the job of molding the minds of 800 million Chinese revolutionaries!--It was his own teaching via the printed page!

NOBODY EVER HEARD OF MAO UNTIL HIS WORDS WORKED--then the whole world heard about him!-- And you've heard or read his words sometime, somewhere, as almost everybody else in the world

has, even though you've never seen him or maybe even met one single genuine Chinese communist personally yourself!-- Why?--Because they put it in print, and his little red "Thoughts From Chairman Mao" have circled the globe and fallen into nearly everybody's hands in printed form!

Almost - But Lost!

HE WAS TRAINED AND GREW UP IN A MISSIONARY SCHOOL, Christian missionaries gave him his education, so he probably got a lot of good ideas from the Bible. A lot of people believe the ethics and ideals of the Bible, and if they practise them they work.

IN FACT, COMMUNISM IS A RELIGION IN ITSELF. This is what Mao taught:

He said, "The people are God!"--And that's the cardinal principle of communism: Man is his own god--self-worship!

MAO SAID, "THEY SAY WE ARE GODLESS AND HAVE NO GOD, BUT OUR GOD IS YOU THE PEOPLE!" This is the ultimate in the worship of man: That man is god, and that man is worth living for and dying for! It's just one step from the ultimate truth, almost but lost!

JESUS SAID: "GOD IS LOVE, and the greatest commandment is to love God, and the next is like unto it": It's almost equal--almost the same--"to love your neighbour."

DON'T BE DECEIVED BY A DELUSION AND DON'T ACCEPT A SUBSTITUTE! Demand the real thing, the reality, the genuine,

the true Kingdom of God under the King of kings, Jesus Christ our Lord and only Saviour! Settle for nothing short of Eternity! Don't live a lie and die forever! You cannot save yourself and man can never save you! --Only God can save us through Jesus Christ His Son.

COMMUNISM CANNOT CONQUER DEATH AND THE GRAVE!

Communism cannot give you eternal life and happiness! Communism cannot meet even these most basic of all human needs, these desires for the life, love, liberty and happiness which God alone can give! Don't accept an empty, hollow sham of a counterfeit! --Take Jesus' happiness here and now!--Will you?

DEMAND THE REAL THING !

Demand the real thing, the reality, the genuine, the true Kingdom of God under the King of Kings, Jesus Christ our Lord and only Saviour! —Moses David

Vancouver, Canada

We tried everything we could think of to find truth, happiness and real love for each other and others around us. Beth believed in God and often turned to Him in prayer, but I never really believed. I viewed it as a sign of weakness because I'd never seen anyone actually try to live the Christian ideals. One day, nothing seemed to go right between us. The whole day was like one battle after another. Finally, we were both so hurt and exhausted that we cried out to God and prayed together. I began to get really desperate with God. I claimed His pro-

mise for Jesus to come into my heart and asked for guidance and direction in our lives. Two days later, we met the Children of God in a parking lot. We invited them to our home and received a great blessing from God through their testimony, the MO letters and the love of Jesus which they shared with us! We knew immediately that this was God's answer to our prayer, so we left our old life to seek the Lord's mission! Now all we want to do is serve Jesus and spread His love to others! Love—Aaron, Beth and Joshua Freebird.

Malaysia

I became a Christian while in high school, although I come from a Muslim family. After 3 months in college, I quit because I was just fed up with my life. I went to Australia hoping to find something new. One day while walking in a park, I met the Children of God. They were singing happily to people in the park. When I found out they believed in Jesus, I wondered why I wasn't singing and happy too. A

friend of mine joined then and there, but I returned to Malaysia. Two years later, I met the Children of God again, but this time in Malaysia. They shared with me about Jesus and how to live a new life for God! Now I am really free and living a happy, fulfilling life as a Catacomb disciple for Jesus! Everyday is getting better since I started serving Jesus! Love—Hope Never Gives Up

When I was 14, I started thinking seriously about the relationship between God and man. I knew there was a God and I was sincerely searching for the real truth. I became involved with many different groups in my search for the truth of God. Five years ago, I joined a Christian church. Every Sunday, I attended church service, but that just wasn't enough for me. That same year, I joined several other churches. Some used different Bibles and there was a great deal of rivalry between them. They always criticized each others beliefs, so I was rather con-

fused about everything and didn't know who to believe. I had already accepted Jesus into my heart and just wanted to know more about God and what He has to tell us. Then I met the Children of God. I knew they were really different from the church people I knew and I visited them very often. We had daily time together sharing, reading the word of God and in loving fellowship. I decided to give up my job and my secretarial course to spend all my time spreading the Gospel. I thank God so much for His love and I want to do my part for Him! Love—Susanna

THE PEACEMAKERS

"Blessed are the peacemakers: for they shall be called the children of God." Matthew 5:9

Fisher of Men and a sister sing songs of the Jesus Revolution for Olympic Game spectators!

MONTREAL, CANADA:

After much controversy, political maneuvering, threatened decertification and a boycott by the Arab and African nations, the 1976 Summer Olympic Games nevertheless opened as planned. As thousands of athletes wearing their national costumes and waving their flags marched through cordons of Armed Forces personnel, it was difficult to remind oneself of the original theme and publicized motivation for all of this—peace! Far from being an international forum for athletes of the world to peacefully compete and test their skills, the modern Olympic Games has become a minibattleground where individuality is completely lost amid the nationalistic show. The emphasis has completely shifted from personal accomplishment to an exalted opinion of a country.

For weeks, the Children of God had anticipated the opportunities provided by this event of reaching many from all over the world. We prayed for more laborers to help us since we had sent so many overseas recently. In the 2 weeks preceding the Games, God gave us 10 new disciples!—A miraculous answer to prayer!

Amid the thousands upon thousands who flocked to Montreal as participants and spectators, the Children of God were there giving out God's Word daily at the Olympic Site and witnessing nightly with powerful united samples of God's love. As it was on the day of Pentecost, we found multitudes from "every nation under heaven". It was thrilling to see how many had heard of our worldwide family and seen our witness or read the MO letters in their native land. Here is just a sample of the many people who were reached:

While we were performing a "Holy Ghost sample", Hephner noticed a man taking pictures of us. When we were finished, Hephner talked to him and found out that he was from Brazil. After he received a MO letter, he realized that we are the same group as the Children of God in Brazil. He has the record album made by our brothers in Brazil and said he really loves our music! He is a high school teacher and plays the record for his students often.

Fisher and Noel met a BBC reporter from England and shared with him our way of life and message which he taped on his recorder. He hungrily took a MO letter, received Jesus and left glowing with God's love!

It's never too late—as Matthew found out after meeting a 70 year old man from the U.S. After Matthew witnessed and shared the love of God with him, he confessed to Matthew that he didn't think anyone loved him anymore until he met us! He had lost everything and had come to Canada to get away from it all. When he accepted Jesus, he was so happy and said, "I had to come all the way up here to Montreal to get saved!" He eagerly took a packet of MO letters and gave his address so he could receive more MO letters! These are just a few of the many people from all over the world who heard our witness and received copies of the Wonder Working Words!

By the time the Games had ended, we had distributed over 40,000 pieces of literature—mostly "Are You a Good Sport?" by Moses David in both French and English. Hundreds of people opened their hearts to receive Jesus for a revolutionary new life and hundreds more prayed to receive the powerful anointing of God's Holy Spirit! Peace was the theme of the Olympics, but God's purpose for the Olympics was fulfilled as the Children of God brought true peace to the hearts of many through the Prince of Peace—Jesus! —Hephner Newman

THE OLYMPICS

1. SPORTS ARE THE WORSHIP OF MAN'S BODY; education is the worship of his mind; business is the worship of the works of his hands; and churches and Churchianity are the worship of his spirit, his own spirit, not God or God's Spirit; and war is the ultimate that all of these lead to!

2. WAR IS THE ULTIMATE COMBINATION OF THE WORSHIP OF ALL THESE THINGS, at what man considers his greatest, using the best of all of these!--Man at his best, which is his worst!--WAR! War is the ultimate fulfillment of the competitive spirit: the destruction of others for self-preservation. See how this competitive sports thing has been the final stages of every great civilisation and empire!--The worship of the body!

3. SPORTS GLORIFIES SEX, BUT AT THE SAME TIME BELITTLES IT and pre-

ARE YOU A

tends to dislike it. In fact, in things like sports, sex is considered a physical weakness and not to be very much indulged in if you want to excel. You can look, but don't touch those pretty girls and sexy-looking men, whether it's swimming or gymnastics or whatever!

4. IN THE OLYMPICS, THE WHOLE THING IS A WORSHIP OF THE FLESH and the worship of man with a competitive spirit of war, the very essence of contention and competition and struggle: warfare, and the perfect preparation for it!

5. DID YOU KNOW THAT THE NICARAGUA-EL SALVADOR WAR, IN WHICH 20,000 PEOPLE WERE KILLED, STARTED OVER A FOOTBALL GAME? Those games get them so worked up into a frenzy against each other that nothing but a total all-out war can truly satisfy the spirit of it!

6. IN FACT, IN AN ARTICLE IN NEWSWEEK MAGAZINE entitled "The Myths of Sport", a conference of 1800 scientists suggested that sports actually aggravate conflict and aggression, as well as damage bodies!

7. SPORTS IS WAR IS DISGUISE, and the Olympics disguises all this under the totally false and contrary theme song of "peace"! That's their theme!--Isn't that something! So they speak peace while war is in their hearts, and they talk peace while they prepare for war--prepare their bodies for war.

8. AMERICA IS THE GREATEST ADVOCATE ON EARTH OF BOTH SPORTS

GOOD SPORT?

By MOSES DAVID

AND WAR, and therefore the guiltiest of all! All these are an abomination to the Lord: Sports, supernationalism, and war!

9. SO WHAT ARE THE CHILDREN OF GOD?--THE CHILDREN OF PEACE and the love of Jesus and the love of the poor and the love of the weak! What have we to do with sports? And what place have we in the Olympics?--other than to cry out in protest against them and against the worship of man and the war games that increase the rich and destroy the poor!--A curse be upon them! Let them be accursed by every Child of God! And may God damn those that destroy the earth!--The "good sports" of war!--The wasters of the world!

10. ARE YOU A GOOD SPORT?--The Devil was the first good sport! He brought competition into the Garden of Eden. Cain was the first to exercise his physical prowess in the good sport of killing his fellow man, his own brother. Murder became the world's favorite sport!--So much so that God had to wipe out their little games with a flood!

11. THE GIANT CHAMPION GOLIATH THOUGHT IT GREAT SPORT TO CHALLENGE GOD'S CHILDREN TO KILL HIM, so little David satisfied him with a rock concert that ended his sporting career, and he lost the championship.

12. THE ROMANS THOUGHT IT GREAT SPORT TO MOCK JESUS, and wound up crucifying the Saviour of the poor,

NEW NATION NEWS

the Prince of Peace, who never hurt anybody but the money changers! But

that one little episode of beating the businessmen at their own game helped to end his earthly career!

13. GOD HIMSELF IS SOON GOING TO BRING AN END TO THIS WORLD SERIES OF MAN'S FAVORITE SPORT, WAR! With one final knockout blow that will Kay-O His opponents for good, He'll win the title of Universal Champion of Everlasting Peace, ending forever all competition and putting a permanent end to the games of His enemies! He'll create a heaven on earth wherein dwelleth righteousness without contest, and the meek shall inherit the earth. For blessed are the poor in spirit, for theirs is the Kingdom of Heaven.

14. "BLESSED ARE THE PEACE-MAKERS, FOR THEY SHALL BE CALLED THE CHILDREN OF GOD"! (Mat. 5:9) "For God hath chosen the weak things of the world to confound the things which are mighty;... that no flesh should glory in His presence." (1Cor. 1:27,29)

15. ARE YOU A "GOOD SPORT"? If not, join the peacemakers--The Children of God! Come and see!

A condensation of "Are You a Good Sport?" No. 179A by Moses David.

PERU

NEW FACES

My name is Patricia, and I was born in Trujillo, Peru. I am the eldest of four children from a rather traditional and wealthy family. I always had more than enough material things as my father always tried to supply the love he never gave me with material things. I was brought up in a hypocritical and frivolous society of empty, superficial people, of which I formed an integral part.

When I was 13 years old, my parents were divorced. I was very close to my father, whom I did not see again for six years. That was the time when all my problems began. My mother and brothers were very conservative and narrow minded and could not conceive of the idea that I was not a typical girl from the typical Peruvian family, dedicated to myself and to the society in which I lived. To them my greatest fault was having a character similar to that of my father who was a very liberal person who didn't care about what other people thought. It was like torture for me to live at home.

Upon finishing my studies I took a job as a secretary and began working constantly from 8 in the morning until 2 the following morning, including Sundays, to avoid going to my house. At that time I began taking stimulants to keep up the pace of work I had set for myself. After a year I lost 33 pounds and was physically and mentally exhausted.

I quit my job and wrote to my father for the funds and traveled for about one year, going from country to country, party to party, really living it up. But none of this satisfied me and I returned to Peru where I continued searching for something more, through drugs, alcohol, etc., until

my body could take no more and I entered a hospital gravely ill in a state of unconsciousness for two weeks. I stayed there for about two months.

It was during that time, at the hospital when I saw all those sick and needy people that I realised that true happiness comes from giving and that I was never going to be happy until I learned to give and share with others. I realised that I had never been happy because I always expected to receive; this new sensation of giving and sharing with others was something new for me! I found that when I saw them happy I found myself happy too!

However, when I left the hospital I forgot all about that and I returned to my former life. I went back to work and resumed my former social life. This time even more wholeheartedly than before.

When I met the Family three months ago, I was working with Occidental Petroleum Corporation as Assistant to the Manager of Industrial Relations and I was the director of the Department of Travel, also in charge of the documentation of all foreigners working for the company here in Peru. It had been difficult, but I was on the point of reaching one of my goals, to become Manager of Industrial Relations. I was in charge of a lot of people holding great responsibilities. I was earning a lot more money than I needed.

Nevertheless, my personal life was still a disaster, I still felt alone and dissatisfied with myself. I had been pretty successful but I was not happy. I was sure there was "something" more, and I found that "Something" when I met the Children of God. That smile of happiness, eyes of joy and peace that I had never seen in other people before surely had to be due to having found the True Meaning of life, and the satisfaction of living with love and making others happy. It was then that I remembered that the time I was in the hospital, sharing with others, had been the only time I had ever been truly happy in my life.--That that was the path I had sought all my life and it was my only way out, and the life I was leading was only going to leave me totally empty. What was I working for? Just for me! For one person, me!--When I could just as well use all my energy working for others. I realised that my selfishness had not led me to know happiness but rather complete dissatisfaction and loneliness. I came to the realisation that my life had only been a trampoline to reach this New Life, that everything that had gone before had had to happen so that I could appreciate and accept this New Life as soon as I found it.

There are many battles ahead, but I am sure that I will be victorious, since the Lord this last two months has shown me many times and in many different ways that He is with me and that He will help me to get up when I fall. Jesus has given me the faith to keep going and the hope of a New World.

-Love, Patricia

NEW NATION NEWS

BOLIVIA

LA PAZ, BOLIVIA: For two weeks we were on the radio 10 minutes daily as Señor Raul, who has the largest radio station in all Bolivia, is on a strong anti-drug campaign and had us giving God's answers to the problem. Señor Raul's son is heavily into drugs, the hippy culture and was living in the streets, robbing and begging to get his drugs. After visiting our colony he has since moved back in with his father and continues to see us. His father had previously spent thousands of dollars trying to get his son rehabilitated, to no avail, but now sees a life with Jesus as his son's ultimate answer! The effect our way of life has had on his son has really won Señor Raul's heart and he is now giving us a weekly 20 minute radio program so we can share the message of God's Love to fill the empty

hearts of the people here in Bolivia! -Farez

SANTA CRUZ, BOLIVIA: One morning Henry Kissinger arrived here to give a speech. We, all three went to the City Square where he was to appear to give him a special packet of MO Letters we had prepared for him. The square was packed with people and it seemed impossible to get past the body guards and police to Kissinger to give him our message. Suddenly Joppa Grace was approached by Kissinger's right hand man who asked her if she was with the Children of God and if she wanted to give Mr. Kissinger anything to which she gladly and immediately handed him copies of "The Deluge" by Moses David and the latest "New Nation News". -Benjamin Luz de Amor

COSTA RICA

SAN JOSE, COSTA RICA: Shadrach and I hit the road during the weekend to visit some of the nearby towns. Passing through one town it began to rain heavily and the prospects of witnessing on the streets that day seemed gray as hopes of the rain to let up were low. But after praying for God to turn the tide, we entered a nearby school. After speaking with the director and receiving his permission we began to hit room by room, singing songs and giving testimonies and sharing with them the MO Letters. After each session we would ask each class if they too, wanted to receive Jesus. To which many gladly did and by the day's end 315 of the children had asked Jesus into their hearts. "God's ways are not ours!...and even the darkest clouds have a silver lining!" -Jerico Caleb

Whether living, loving,
or eating, let's get
back to the simple,
natural way God in-
tended things to be!
 Let's start today by
 feeding baby only
fresh, wholesome,
nutritious foods the
 way God made them!
 Whenever possible,
 avoid the over-cooked,
over-salted, over-sweetened,
over-priced and chemically

laxative for many babies
 so try your baby out on
 a small amount of it
 first to see how he
 reacts to it. If it
 is very laxative for
 him, try mixing it
 with potato or other
 green vegetable.

MEAT: Lean lamb,
 liver, white fish and
 beef are best. Take
 some from the rest of the
 family's dinner or cook

Make Your Own Baby Food

contaminated commercial
 baby food. Here are
 some tips we hope will
 help you to feed your
 baby simply and naturally!

FRUITS: Ripe apples,
 pears (not too gritty)
 and peaches are good for
 young babies. Wash, peel,
 and cut up the fruit. Be
 careful to retain the
 juice. In a small sauce-
 pan add only one or two
 tablespoons water to the
 fruit and simmer until
 tender. Use a tight-
 fitting lid to avoid
 evaporation of nutritious
 liquid. When cool, blend
 in a blender, juices and
 all, to the consistency
 your baby likes. If you
 have too much juice be-
 cause you added too much
 water, strain it and use
 it in a juice bottle. No
 need to add sugar or
 honey as canned products
 have.--Ripe fruit con-
 tains all the natural
 sugars baby needs.

BANANAS--No need to cook
 'em or blend 'em, just
 mash with a fork.--Per-
 fect for travelling! Be
 sure to serve only ripe
 bananas to baby. The
 banana should not only
 be yellow but have small
 black spots on it as well.

VEGETABLES: Use fresh
 vegetables whenever pos-
 sible. Frozen are next
 best. And in most cases,
 even canned vegetables
 will do if the others are
 not readily available.
 Wash and where applicable
 peel the vegetable.

Steam in as little water
 as possible until just
 tender. Do not over-
 cook or add salt to the
 cooking water as salt
 draws out the natural
 juices which contain the
 vitamins. Use a tight-
 fitting lid. When cool,
 blend in a blender,
 juices and all, to the
 consistency your baby
 likes. Spinach is very

especially for baby.
 Saute liver or fish in a
 small amount of vegetable
 oil over low heat as
 these meats cook very
 quickly. Cut the meat
 into small pieces, re-
 moving fat and gristle
 and blend in a blender
 with juices and a little
 extra liquid as most
 meats tend to be dry. If
 baby still balks at the
 texture, add a little
 carrot or potato when
 blending.

FOOD STORAGE TIPS

When making baby food,
 prepare only enough for
 two days as fresh food
 loses flavor and nutrients
 in the refrigerator.
 Store it in small jars
 or food containers with
 tight-fitting lids.

A handy way to freeze
 baby food and to keep it
sterile is to store it
 in sterile disposable
 bottle bags, such as
 Playtex. You can even

heat up the food right in the bag.--Especially good in a nursery situation where there are several babies to cook for and feed; and take frozen bags of food out litnessing--by the time you need it, it's normal temperature and sterile!

Avoid feeding baby out of the same jar of food for a second time or leaving the spoon sitting in the food. The strong digestive juices in the saliva that adheres to the spoon eventually contaminate the jar of food until it is runny and sour. If baby eats only half the amount, divide the portion of food into two jars.

OTHER FOODS GOOD FOR BABY:

Eggs--Most experts recommend starting baby on eggs by six months. Raw egg white can cause allergies, so cook the egg enough so that the white is firm, but do not over-cook as nutrients are lost and the egg is harder to digest. Soft-boiling is best, or soft scrambled if baby prefers it. When it is impossible to cook an egg well for your baby, such as when travelling, serve only

the raw yolk, in cereal.

YOGURT--Since yogurt is the most nutritious and easily digested form of milk, it is one of the first "solids" to start baby on. Avoid the over-sweetened and artificially flavored varieties and feed baby only plain natural yogurt.

Add a little honey or banana to it. An important point to remember is to give baby yogurt made from whole milk not skim milk, if possible, because only in the presence of fat, absent in skim milk, can calcium be absorbed by the body,

WHEAT GERM & BREWER'S YEAST--

These foods are the only complete sources of the B-vitamins besides liver, and wheat germ is a good source of vitamin E. Add wheat germ to baby's cereal, and if he likes it, substitute it completely for his cereal especially if it is the processed commercial variety. Brewer's yeast can be added in small amounts to each milk bottle if baby is not nursed. Increase the quantity gradually to one teaspoon per 8-ounce bottle of milk. Besides

B-vitamins, brewer's yeast is a good natural source of trace minerals and protein and helps the milk "stick to the ribs". There are different varieties of brewer's yeast (not to be mistaken for baker's yeast!). Find a brand that tastes good.--Excellent for nursing mothers too!

FEEDING TIME IS FELLOWSHIP TIME!

Baby feeding time should be a time of fellowship and happiness. Teach your baby to enjoy mealtime by helping him to relax and enjoy his food by your calm attitude. Talk to him, share with him and praise him for eating well. Avoid upsetting him or force-feeding him foods he does not want. As much as possible, feed your baby at the family's mealtime provided it is a calm, relaxed and happy affair. As he gets older, he will not only get fed by the food you put in front of him, but also spiritually by the happy fellowship and togetherness with the rest of the family.

WHAT THE PEOPLE SAY ABOUT THE WONDER WORKING WORDS...

I was so happy when I got your letter and literature today. It's been really great. I'm learning so much from the Bible and your letters. I'm thinking of you all the time, reading my Bible and praying a lot too. I'm really into what you're all about. I really love you all too and I'm trying to burn bright for Jesus!

Lisa; Australia

I would just like to tell you that ever since I met you all, I know what it is like to love everyone even if they don't understand what is going on in the world. I have asked God to come into my heart and He has because I have been so very happy. I would like to be part of you and if you ever need my help when you walk around the street telling people what God is and that He loves them, please let me know.

Cherre; Australia

Today I read "Look of Love" and found it most interesting and truthful. It made me glad, most definitely!

Mr. Stork; Australia

It was a real miracle when I got those wonderful MO letters and New Nation News from you. How happy I was! How thankful I am to the New Nation News and MO which are inspiring companions to me. They surely do my spirit good. I read them over and over again. MO's letters give me real insight into the Gospel way of life. The New Nation News and the MO letters make me feel closer to the Lord whenever I read them. My father is no exception. He loves them too. Thank you so much!

Jimmy; Philippines

GUESS WHO'S READING MO LETTERS!

GOOSE CREEK SYMPHONY—ALBERTA, CANADA: Two couples—Israel and Selah and Bazai and Moladah and their children were on their way to pioneer a new colony. It was late, so they stopped at a hotel to ask for a room for the night. As they were talking to the manager, Selah recognized some members of the Goose Creek Symphony, a Northwest USA country-rock band, walk into the hotel. Before anyone had a chance to give them God's words, they were gone and disappeared inside the hotel. The next morning, our brothers were preparing to continue their journey, but their truck mysteriously wouldn't start. God turned this seeming defeat into a victory as they once again met the members of the band in the hotel parking lot. Selah rushed over to share some MO letters with them. She found out that one of them, Peter Read, had asked Jesus into his heart a few years ago. He was very anxious to receive the MO letters and interested in finding out more about the way we live. After witnessing to the band, the truck miraculously started up and our pioneers were on their way again!

DONALD DUNSTAN—LEEDERVILLE, AUSTRALIA: Gilead was distributing literature in the city center and noticed Labor Premier Donald Dunstan visiting from South Australia. Gilead immediately went to him and offered him a copy of the New Nation News which he gladly received. Mr. Dunstan said he is a regular reader of the MO letters and enjoys reading them very much!

YAN—SURABAYA, INDONESIA: We were hitch-hiking to the zoo and were picked up by Yan—the top fashion designer in East Java. He was so interested in our witness as well as our children, Kezia (1½) and Michael (2½), that he first took us all to lunch! Afterwards, he brought us to the zoo and went witnessing with us! He recently was separated from his wife and was very lonely and sad, but became so happy to have found the love and true brotherhood of God's family! Ever since, he has been faithfully visiting us and telling his friends in the fashion world about us!

POEM PAGE LOVE IS LEADING THE WAY...

Japan: Gypsy Catacombs Ruth and Eden
photo: Freedom Gypsy

I'd rather be a gypsy free,
Than wear the chains of slavery,

To have God's love burn in my heart,
Than spending my life in endless dark.

I want to see!
I want to feel!
Can't stand those games—
I want what's real!

And if I sometimes act a fool,
Or even break a rule or two,

It's just my way to help you see,
The love that Jesus gave to me,
So you can be a gypsy free!

Malaysia: A friend, Gibeah and wife Mercy send a smile from Malaysia! The following poem was written by Mercy's mother!

Thank you Jesus....for blessings from You,
My missionary family stands good and true.
Gibeah and Mercy are well in Your care.
Your teachings of love, with others they share.
Their communal friends are just as good,
When they read their Bible, they do as they should.

Thank you Jesus....for outward cleanliness too.
That's another good point they learned from You.
I know....I know....we all miss them so....
But that's quite alright for a time, I know.
Jude, Angelina and baby will grow up knowing
As a family of Christ, they will be sharing.

Thank you Jesus....for Your love divine....
Place Your arms around these children of mine.
I feel all present....though miles apart.
Blessed assurance is mine....in my heart!
May our Heavenly Father protect us too,
Our darling, beautiful children....we love you!

By Mrs. Kalashian

The Children of God are laboring in the vineyard of the Lord,
Obeying Jesus and Moses the prophet, the Spirit and the Word,

On the highways and the by-ways, in the cities and the towns,
Preaching the gospel of God's salvation the whole world around,

Reaching, meeting and teaching the sheep who have gone astray,
The Children of God are marching—Jesus' love is leading the way!

By Jesse—a truck driver who has been a great help to the Children of God in Indiana, U.S.A.
