WINNING THE SYSTEM!

TRUE COMIX PRESENTS NO. 571

From the 30's to 60's -- that's the age group that we're appealing to with FF-ing in the better nightclubs -- the professional, influential older men. They are hungry and searching for answers, now that they have their education, their job, their wife, their family, their home, their car and all the things they wanted when they were young. So we're really an answer to their prayers if we can just get through to them.

And we are getting through to the men, and let's hope that through the men we can get to the women and eventually to the children, because they all need what we've got -- the love, the truth, the answers and the Lord! We need meetings or classes where they can come and have fellowship. (COL!)

I'm sure the Lord's got the answers, and we're making some progress reaching these people with the message and what we're like.

But there have been many times when I've needed a girl to dance with somebody that I knew was important, but no one was available. So to see one sitting there taking her time up all night with this little guy that wasn't even important, I really got furious about it!

This is a totally new different ministry and its top priority is to the System and the leaders of the System. Here we're reaching the city fathers, the leaders, the important men, kings who are influential and essential to our stay here -- this is our PR outreach!

Not the little weirdy-beardy socialists, teenagers, hippies and whatnot, only not now! I love them too and I've been loving them for years -- I think I have proved that I was a national leader of them, of a Youth Revolution. But right now I've done enough of that for a while, except where needed.

Now I'm trying to convert the System, and I want girls on my team who appreciate older men and want to try to get them saved -- or at least make friends out of them! Here where I am I want the top notch girls, who are willing to obey and jump when I snap my fingers and say go after somebody, and are willing and able and glad to make these older fellows happy! -- Amen?
I am furious about some of these girls who defy all the rules and don't even look at me for direction and do everything they're not supposed to do and just absolutely ignore what I want them to do -- and I mean it! I don't want to see any more female bikers or Hell's Angels here! Let dear biker go minister to her bikers and hippies and mother her little boys, but I don't want her at my club! God bless you, bye bye, discoers! -- Go disco!

We cannot have any of our girls confining themselves to just one man every night either. In cases where so much care is necessary and worthwhile to expend on one person, sometimes it works better for him to visit at home some evenings for classes & fellowship or help the girl with her work at home rather than spending night after night at the club.

But if you're not going to do what we ask you to do, that's not going to work! -- And Son, what were you thinking about the other night? You said,

"He wants to pay the bill!"

And yet you went ahead and paid the bill after we left! -- Damnit! Beloved, we are winning the System -- not supporting them! -- Maybe you need this lecture too! God bless you! Happy hookin'!
