Here are some errors of "The Daily Notices" in their series of three articles of May 31, June 1 and June 2 of 1977. This three-part series of "The Daily Notices" was much more fair and more honest and more accurate than most which have been appearing lately in others of the press.

So to set the record straight and to endeavor to stop this constant repetition of the same untruths which have been spoken against us by various publications, we feel it is now necessary to correct some of these misapprehensions, mistakes, exaggerations and outright errors.
They say that our daughters were "very reluctant to answer when you asked them about their lives". This is certainly not true because, as nearly all of their acquaintances and companions have found, they are very free and happy to talk about their lives and what God has done for them through love.

One of their errors states that a new disciple, in joining the Family, "must believe blindly" in me. This is entirely untrue because those who enter the Family enter it with their eyes & minds open to the Truth.

They call our motives "a misinterpretation of charity". That's a matter of your opinion. Maybe you think we are "misinterpreting love", but in our eyes and the eyes of God and according to His Word, there's no such misinterpretation! We apply love as God intended for it to be applied: "with all our hearts, with all our minds, and with all our strength." (Mt. 22:37.)
The next error is also one of the most despicable insinuations or outright lies to say that "to cover up his deeds he set up a big campaign against the Vietnam War," and so on. We never set up a campaign against the War, but we attacked that War, not to cover anything, but rather to uncover the hypocrisy of the United States in attacking a tiny little agrarian society—unnecessary, senseless and murderous!

They say also that "the ideals of the youth are confused by them". If anything, we help youth who are already very extremely confused in their ideals, and some without ideals. We have been able, thanks to the love of God and the Truth of His Word, to un-confuse them.
This error is an outright lie, stating that "adultery, fornication and everything is allowed." This is absolutely untrue! We don't believe in adultery or fornication and we don't "allow everything"! We merely believe in love, that God's only Law is LOVE!

We do hope that you will learn to recognise the difference between truth and falsehood when someone is speaking to you of the Family of Love. The best thing to do is come meet us for yourself and get to know us personally so that "you may know the truth, and the truth shall set you free." (Jn. 8:32.)

So if you want to know the truth about my writings, why don't you read them for yourself? You can find them on the streets of almost any important city of the World. Read them for yourself and may God bless you with the truth!
