“Special” — Kids Club Graduation— 2006

Sponsored by volunteers, parents and teachers of The Family Mission in California: On July 27, 2006 they hosted the annual Kids Club Graduation, which was held in San Diego, California. Thirty-five children ages 3-13 years old each received a Diploma for their hard work of completing their past year of school.

Each Kids Club Group preformed a presentation that they had prepared for their family and friends. The presentations ranged from songs and skits, to public speaking, to a mini geography class.

“The future is in your hands! That tiny babe will be a king some day! That little girl will be one of H is queens! Those happy, laughing, shouting children will be His princes and princesses and officers and governors and governesses who shall ‘rule the Earth with H is iron rod’ of love!” - David Berg

No other quote has so faithfully inspired me and daily imparted to me the vision for teaching and parenting children like this quote has.

If I do my best to raise my children right and give them everything I can spiritually, morally, educationally, physically; I feel certain that one day there will be many people fighting over my then grown children hoping they’ll be their employee or boss, their children’s teacher or their spiritual advisor, their friend or their lawyer, their husband or their wife, etc. — Claire Nichols
