ACTIVITIES AND OPERATIONAL INFORMATION OF WORLD MISSION OF FAITH, INC.

1. LOCAL MINISTRIES: World Mission of Faith, Inc. (WMF) is a Christian Evangelistic Ministry and Outreach to the world. The Family Missionary Outreach Center, located at 0234 Fairdale, Houston, Texas 77057, is our base of outreach to the local community and the world at large. It is our Church, school, contact point and base for all of our local ministries, as well as the 'reception center' and 'staging ground' for our foreign missionary trips and aid shipments.

A. Fellowship: The Church is the 'Assembly of Believers' who are commissioned by Jesus Christ to take the Good News to the World and to 'make disciples of nations.' WMF teaches that Christians should 'worship God in spirit and in truth' daily, continually and 'without ceasing.' To that end, the Family Missionary Outreach Center is always 'on call' and has no defined visiting hours. Our united fellowship and worship schedule consists of:

(i) Sunday Fellowship: a weekly gathering of whomsoever wills for praise, songs, prayer, God's Word and the partaking of the Lord's Supper together. This fellowship meeting is held at the Family Missionary Outreach Center and all are invited to attend. There is no admission charge and no collection is taken.

(ii) Weekly Bible Study: God's Word says to "preach the Word, in season and out of season," anytime and all the time. WMF initiates Bible studies wherever and whenever there is an opening. At present WMF conducts a Bible study every other Wednesday at the Outreach Center located at 809 Doral Lane. The study is open to the general public and conducted in English, with Chinese translation.

(iii) Daily United Prayer and Devotions: Daily united prayer/psalm and devotional reading of God's Word is held each morning at the Family Missionary Outreach Center on Doral Lane. All full-time staff and their children are required to attend, as well as any temporary guests. The general public is also welcome.

B. EVANGELISM:

(i) Street Ministry

(a) Outreach - Street Ministry consists of personal one-on-one evangelism in the streets, parks, beaches, parking lots, etc., and the distribution of Christian tracts, literature, music tapes and more.
(b) Follow up - Follow up of our street ministry largely amounts to revisiting people who contact us in response to our literature, tapes, etc. or showed interest in hearing more from us on our initial encounter. All are welcome at our weekly Sunday Fellowship (church service) at the Missionary Outreach Center or to phone or visit anytime during the week.

(c) Ministerial and Self-Help Programs - After an initial follow-up visit, WMF offers an in-depth Bible study course, either by correspondence course or home study. These home study courses were developed to teach new converts the theoretical knowledge of God's Word and Ways. Converts are also given the opportunity to come and participate personally in our ministry, to learn the practical application of these Biblical doctrines to their own lives and when ministering to the needs of others.

(ii) Youth Ministry

(a) Outreach - Youth Outreach consists of approaching young people at beaches, campuses, parks or other places where they congregate, to minister God's Word to them on a one-on-one basis or through youth-oriented music and theatrical programs designed to reach them in a novel, youthful way. We continually look for new and innovative ways to interest young people in the Gospel, and novelty is often the key to engaging them. Our Youth Outreach also includes programs held at youth detention centers and prisons.

(b) Follow Up - Follow up of our youth ministry is similar to that of our street ministry but also includes repeat visits to places where we have performed or held programs. All are welcome to attend our weekly Sunday Fellowship (Church service) at the Missionary Outreach Center and to phone or visit at any time during the week.

(c) Ministerial and Self-Help Programs - These are the same as our street ministry and self-help program, with an emphasis on motivating the young people to help others in crisis. The young people also learn valuable trades and marketable talents that enable them to become contributing members of society, whether in the ministry or not.

(iii) Neighborhood Outreach:

(a) Outreach - Neighborhood Outreach consists of house-to-house, apartment-to-apartment, shop-to-shop, or office-to-office evangelism using Christian literature, tapes, books, videos and other inspirational/educational materials in an effort to reach and minister to people—on their turf and in their area of need.

(b) Follow-Up - Follow-up of our Neighborhood Outreach consists of revisiting people who have shown interest during an initial visit.
welcome at our weekly Sunday Fellowship (Church), at The Family Missionary Outreach Center or to phone or visit at any time during the week—with rare exceptions due to time or personnel limitations.

4. Programs in Schools, Retirement Homes, etc. - From time to time, we visit schools, retirement homes, orphanages, etc. to present music and inspirational programs for the lonely, needy, indigent or aged. These programs present the gospel through music and theater and are designed to bring God's Love and Joy to others. (See "Consider the Poor" in II below)

C. EDUCATION—Education is a lifetime experience, both spiritually, intellectually and emotionally.

1. CHILDREN
a. Home Schooling / Education—WMF maintains an ongoing Home School classroom for the purpose of educating the school aged children of staff members of the Family Missionary Outreach Center, as well as assisting furloughing missionaries in the education of their children. This Home School is staffed by volunteer members of the WMF staff, as well as WMF members, friends and associates who participate from time to time on a voluntary basis. A dual purpose of this Classroom is to give practical advice and a visual example to other parents wishing to Home School their own children.

b. Community Service Projects - An important, though minor part of the WMF Home School Curriculum is the participation of the children in community service projects in and for the local community. Ministering and performing in Orphanages, Retirement Homes, Youth Centers, schools and churches, etc., as well as reaching out to underprivileged children and youth adds meaning and depth to the scholastic studies and assists the students in maintaining a proper perspective of the world around them.

c. Seminars - WMF assists in the teaching of Childcare and parenting seminars to assist other parents and teachers in combating negative peer pressure, establishing strong communication links between parents and siblings, as well as increasing the interaction between children and parents in education.

d. Parent / Child Counseling - When requested, WMF offers Parent/Child counseling on an individual basis to needy situations. This is performed by WMF staff members either at the Family-Missionary Outreach Center or at the most convenient agreed upon location.

e. Distribution of Educational Materials - WMF distributes Christian Educational Children's videos, tapes and other inspirational/educational materials for children and young people for the purpose of spiritual growth and moral development. Although we
do not produce these materials, we strongly endorse and promote them to our friends and acquaintances as an alternative to the violent, negative influences of public television, movies, etc, and are made available in exchange for a voluntary donation, according to the ability of the individual. Many of these materials are given away for free to needy families and institutions that do not have the financial ability to donate financially for them.

2. CONVERTS
   a. Weekly Sunday Fellowship - The Family Missionary Outreach Center unites for a weekly Fellowship each Sunday which is open to converts, friends and interested visitors, at which time we partake of the Lord's Supper and have a time of music, devotions, praise and prayer. All staff members, children and visitors are expected to attend, barring unavoidable emergencies, sickness, or dire need. Daily devotional Bible reading and Bible studies are held at the Outreach Center throughout the week but Sunday Fellowship is for all.
   b. Bible Studies - WMF conducts weekly Bible studies at The Family Missionary Outreach Center which are open to the public and also offers "Daily Food" and "Living Waters" weekly Bible Self-Study courses for new converts and those interested in developing a working knowledge of basic Biblical truths and their application to everyday life. The Bible studies are free of charge and attendees are encouraged to invite others.
   c. Home Visitation - Personal visitation of converts at their Home, office, etc is an important part of WMF education, both for personal counseling, fellowship, and Biblical training. Visitation is scheduled depending on individual need, interest, and personnel availability.
   d. Mail Follow-up - Quarterly Newsletters, Daily Food/Living Waters and other education inspirational publications are sent out to converts, friends and supporters on a regular basis for educational, inspirational, and informational purposes.
   e. Practical Life Training - Converts are given an orientation in vocational and ministerial skills both in the Home and on the field with the intent of assisting them in the development of character, integrity, and becoming productive members of society, either in the ministry or secular employment. This training includes courses in the CVC (Christian Vocational College curriculum-a Home based, college level vocational training course), as well as other "on the job training" in a wide variety of ministerial and vocational areas.

D. MINISTRATION TO THE NEEDEDS
   1. DISTRIBUTION OF FOOD, CLOTHES AND MATERIALS
      a. To Local Area Missions and Ministries - The WMF "Family
Missionary Outreach Center and the Family Aid Project's 'Free Store' act as distribution points for food, clothes and other materials for local Missions and ministries in the Houston area.

b. To Needy Families and Individuals- Food and other materials, as available, are distributed to other needy families and individuals, at the Outreach Center and 'Free Store' and, when necessary, are delivered to their homes.

2. PUBLIC SERVICE PROGRAMS - WMP participates in public service programs to the indigent, invalids, Veterans of Foreign Wars, Foreign refugees, gang members, etc., etc. This participation includes the sharing of our personnel and / or the assisting in organization and gathering of materials and supplies.

3. DISASTER AID AND RELIEF - As the need arises, WMP volunteers and personnel assist in counseling and staffing of various disaster relief efforts, counseling victims and families, feeding survivors and relief workers, and participating in whatever way is needed and appropriate.

4. "CONSIDER THE POOR" CTP PROJECTS - WMP 'CTP' projects include supplying of food, clothes, and materials for homeless, and the indigent in the local area, and the raising of food, medical supplies, etc. for Foreign Relief efforts and aid to refugees, abroad

II. FOREIGN MISSIONS - All of the WMP Directors and full-time staff are Missionary/Pastors. Most have served a number of years on difficult foreign mission fields and we believe that maintenance of our love and vision for the needy of the world is imperative in order to be able to keep the right perspective on our Local ministry.

A. Missionary Trips Abroad - At present, depending on time, financial and personnel availability, we hope to make a minimum of 2-3 overseas evangelistic trips a year to various foreign countries, for periods of not less than 1 month and not more than 3 months. Number of people, duration of the trip, etc. will depend on circumstances, available funding, etc. at the time.

1. Outreach - Our Overseas Missionary Outreach is similar to our Local Outreach with the exception that time limitations requires a greater concentration of effort

2. Follow-up - Overseas Follow-up is similar to local follow-up with a greater emphasis on use of the mail and literature.

3. Ministerial and Self-Help Programs - The goal of WMP Overseas Missions is to proclaim the Gospel and train National converts to evangelize their own people, establish Local Churches, Fellowships, Bible Studies, and become
self-sufficient on a local level, both financially and spiritually.

B. Financial and Material Aid to Foreign Missionaries - WMF supports and assists other non-denominational missionaries in their missionary endeavors to Russia, China, India and countries of the third world. This support is channeled into two different directions.

1. Housing and Aid to Furloughing Missionaries and/or their Families - The Family Missionary Outreach Center serves as a "reception center" for missionaries arriving from, leaving to, or in transit between foreign fields. In this capacity, WMF assists in providing room and board free of charge on a temporary basis, as well as material assistance (clothes, educational needs and other logistical support) to these missionary families while on furlough in our area.

2. Material and Financial Aid to Overseas Missionaries while on the field - In addition to aid to furloughing missionaries, WMF directs a minimum of 10% of its gross monthly financial assets (the tithe) to assist other ministry missionaries, etc., in the furtherance of the Gospel. Above this tithe is also "offerings" of financial aid, food, materials, medical supplies, etc., which we endeavor to provide for Overseas Missionaries, as available.
