

A DRIVER TUCKED THIS NOTE under the windshield wiper of his car: "I've circled this block for 20 minutes. I'm late for an appointment & if I don't park here I'll lose my job. Forgive us our trespasses."

WHEN HE CAME BACK HE FOUND A PARKING TICKET & this note: "I've circled this block for 20 years & if I don't give you a ticket I'll lose my job. Lead us not into temptation!"

THEY HAVE ALL SORTS OF NEW SERVICES today. Now they have a dial-a-prayer service for atheists. You call a number & nobody answers.

A DIGNIFIED OLD CLERGYMAN OWNED A PARROT of whom he was exceedingly fond, but the bird had picked up an appalling vocabulary of cuss words from a previous owner. After a series of embarrassing episodes, the clergyman decided he would have to get rid of his pet.

A LADY IN HIS PARISH suggested a last-ditch remedy. "I have a female parrot," she said, "who is an absolute saint. She sits quietly on her perch & says nothing but 'Let's pray.' Why don't you bring your parrot over & see if my bird's good influence doesn't reform him?"

THE CLERGYMAN SAID IT WAS WORTH A TRY, & the next evening he arrived

with his pet tucked under his arm. The bird took one look at the lady parrot & chirped, "Hi Toots. How about a little kiss?" "My prayers have been answered!" screamed the lady parrot gleefully.

Father: "Don't you think our son gets all his brains from me?" Mother: "Probably. I still have all mine."

Q: At what time of day was Adam born?
A: A little before Eve.

THE AIRLINE COMPANY was disturbed over the high percentage of accidents & decided to eliminate human error by building a completely mechanical plane. "Ladies & gentlemen," came a voice over a loudspeaker on the first flight, "It may interest you to know that you are now traveling in the world's first completely automatic plane. Now just sit back & relax because nothing can possibly go wrong... go wrong... go wrong... go wrong..."

First soldier: "I feel like punching that top sarge in the nose again!"
Second soldier: "What do you mean, again?"
First soldier: "I felt like it yesterday too."

Officer: "Soldier, do you have change for a dollar?"
Soldier: "Sure, Buddy."
Officer: "That's no way to address an officer. Now, let's try that again. Soldier do you have change for a dollar?"
Soldier: "No, Sir!"

THE DRAFTED FARM BOY was about to make his first parachute jump & the Sergeant reminded him,

"Count ten & pull the first rip cord. If it snarls, pull the 2nd rip cord for the auxiliary chute. After you land, our truck will pick you up."

THE PARATROOPER TOOK A DEEP BREATH & jumped. He counted to 10 & pulled the cord. Nothing happened. He pulled the 2nd cord. Again nothing happened. As he careened crazily earthward he said to himself: "Now I'll bet that truck won't be there either!"

YOU CAN FOOL SOME OF THE PEOPLE all of the time & all the people some of the time, but most of the time they will make fools of themselves.

Dad's Comments On The Komix!

(Dad had been very concerned that too many of our Kids Komix & True Komix contain a damning & dooming message, which is definitely not the message that we want to present to our children nor to most of the general public. The following are some of his comments about this which were sent in an Advisory to all Family Artists:)

KIDS KOMIX: WE NEED TO TRY TO EMPHASISE MORE THE THINGS THAT ARE ENCOURAGING & positive & uplifting & saving & not damning & dooming! That was for its day in the States, & it is still for the States & it is still for the rich & it's still probably for the West, but it certainly is not good fare for children!

I CALL CHILDREN THOSE UNDER 12. When they are 12 & over, we consider them adults, but the Kids Komix are for kids under 12. They should be aimed particularly at the age level of our present kids who're in the just-beginning-to-read bracket, 3 or 4, like Ditto, to 7 or 8.

I DO NOT LIKE, NOR DO I APPROVE OF, THESE KIDS KOMIX OF DOOM, HORROR, & TERRIFYING TALES! That damn doom rut is not suitable for children!—Those horror stories are the judgements of God on wicked parents & are not for children!

THEY ARE GROWING UP & HAVING ENOUGH PROBLEMS of their own, with enough things to scare them half to death, enough problems, troubles & worries. They don't need to be worried about things that they are not guilty of & are not going to

Ugly or Pretty?
Damning or Uplifting?
Blasting or Feeding?

suffer. I don't think children ought to be worried about things that are just more than they should bear, & I think that's more than they can bear.

WE NEED SIMPLE CHILD-LIKE STORIES, encouraging, uplifting, positive, saving, & not always dwelling on the horrible guts-&gore & Gloomy Gus, damn doom of what their parents deserve or what their grandparents deserve back in the U.S. or the rich West.

FROM NOW ON, ALL OF THIS KOMIX MATERIAL IS NOT GOING TO BE CLASSIFIED ONE OR THE OTHER, only True Komix for GP adults or Kids—suitable even for GP kids, and that means kids 11 years of age or younger, & mostly younger. It's going to have to be wholesome, pretty pictures, encouraging pictures, bright stories, things suitable for children.

TRUE KOMIX: IN THE VERY BEGINNING I TOLD

THE ARTISTS TO PLEASE REMEMBER the major purpose of the Komix was to reach the System, reach the general public. What I meant by that, & had in mind, was something appealing to them, appealing to the general public.—Things which were positive & encouraging & saving & instructive. BUT IT SEEMS LIKE WITH SOME ARTISTS, YOU CAN'T MENTION THE SYSTEM but what as far as they're concerned that means the Enemy, & if it's designed for the System, that means blast the System, to Hell with the System!

SOME OF THESE OLD PROPHETS OF DOOM ARE STILL LIVING IN THE PAST, they can't think of anything but damn the United States & the same kind of ministry we used to have of dooming & damning the U.S. System. They don't realize that we've got our own system now, we've got our own separate culture.

I'M GETTING SO GOD-DAMNED SICK OF THESE BLASTS AT THE SYSTEM, many Komixes another blast at the System!—When we were there, it was necessary & it was important & that was our purpose in breaking with it. But now we're trying to change that image of the wild-&wooley, wild-haired revolution-ary to something a little bit more civilized & nice:—

LITTLE FAMILIES WITH SWEET CHILDREN, singing precious little songs, & trying to woo & win the System, not trying to blast them away & curse them & cuss them & say to Hell with them! How the Hell are they ever going to sell that on the street?

WE OUGHT TO BE ABLE TO PRESENT SOMETHING

A LITTLE MORE ATTRACT-IVE & a little bit more civilized & a little bit sweeter & happier. Show them the kind of face that is going to make them feel like we've got something better than they've got. "Look! Here's the wonderful life we live. Wouldn't you like to live it too?—Look! Here's the beautiful things we believe! Here's the wonderful things you have to look forward to in this life!"

MY GOD! THE GENERAL PUBLIC MUST GET SICK OF ALL THIS GOD-DAMNED DOOM, horror, negative blast-at-the-System-type Komix! I know I get sick of it! We are a new church & we ought to have some kind of positive, saving, encouraging, uplifting message that's a little more feeding of the sheep, instead of only blasting at the wolves!

I'M SICK OF PREACHING AT THE WOLVES! There is no use in having only a negative, damning, dooming, blasting, blowing away GP message! For God's sake, let's tell them there's an answer, there's a remedy!

I'M JUST SO SICK OF SEE-ING THESE HORRIBLE UGLY PICTURES on the front covers of the Komix! I'm just sick of them & I don't want to see any more of them! I am not even going to look past the front page if they send me any more of these ugly Komix with these ugly pictures on the front! Some of these Komix hardly even have a happy ending—it's a horror from beginning to end!—Who wants it?

RIGHT NOW WHEN THE MEDIA IS SO CRITICAL OF THE SECTS & the public is so suspicious, is the time when we ought to be the most careful to put our best foot forward & wear a happy face & try to show something positive

& not all this negative stuff that we are already accused of & they're sick of!—Show pictures of our pretty women or happy children or sweet men—the happy stories of happy people with happy endings!

I WANT TO SEE SOME PRETTY COVERS ON THESE KOMIX FROM NOW ON! We can certainly put something positive & beautiful & attractive & encouraging on the cover. I'm just not going to approve of these Komix with horror covers & nothing but horror stories & nothing positive to say, nothing encouraging, nothing uplifting & nothing saving, nothing feeding, nothing to offer, no happy ending!

I GUESS I'M PRETTY NEGATIVE MYSELF, A PROPHET OF DOOM & a fighter & revolutionary, & I don't like the System either! I especially don't like the way it treats us, & I must admit, I like to blast them sometimes. But for God's sake, that's not our whole message! If our message is nothing but "Go to Hell!"—Blast the System, blow'm away, curse'm, damn'm, doom'm—if that's all we've got, it's a pretty discouraging negative message!

BUT SURELY I HAVE PRESENTED A MORE POSITIVE MESSAGE THAN THAT! There must be some hope in our message, some salvation, some remedy, some answer, something encouraging! Give an answer! Why just present the horror?—People know about the horror already.

SURELY MY MESSAGE HAS BEEN A MESSAGE OF LOVE. Are we the Family of Love or not? Do we have a message of love or not? People are looking around for some little ray of hope, some salvation, some kind of bright spot somewhere!—A little love,

a little mercy, someplace where they can find some relief! And then, my Lord!—We come along & give them only horror & Hell! I am sick of it! People don't like to hear that kind of stuff! They want to shut their eyes & wish it would go away, including you! JESUS SAID, "AND I, IF I BE LIFTED UP, I WILL DRAW ALL MEN UNTO ME" (Jn. 12:32). Are we trying to draw them unto Jesus or drive them into Hell? What are we trying to do?—God help us! (So PTL! There we have it! That's pretty clear, isn't it? Lord forgive us & help us all to really make all of our work on the True Komix more representative of Him! & fit for Kids or the Public!) P.S. You artists have been doing much better lately with happier more positive Komix.

Avoiding Afflictions!

If you love'm, you'll avoid giving'm VD!—Here's how!

FROM SAM & KEZIA; S.E. Asia: HERE ARE SOME TIPS ON V.D. we learned from a book obtained at our local V.D. clinic:

1. **INCUBATION PERIOD** OF VD (which means any sexually transmitted disease) varies from 1 to 90 days or more & because of the biological characteristics of some of these organisms, symptoms may be so slight as to be not noticeable. In 40-60% of cases there will be no symptoms at all.

2. **SIGNS & SYMPTOMS** (if present): a. Any rashes or lesions on or around the genital or perigenital area. These may be painful, painless or itchy. b. Urethral or vaginal discharge. May be slight or profuse, clear, milky, yellowish, greenish or grayish. "Morning gleet", a slight discharge in the morning, at times, following defecation. c. Painful or frequent urination. d. Pain in or around the genital organs; low back pain. e. Painful or irregular menstruation. f. Painful intercourse, pain during or after climax, bleeding after intercourse, frigidity, impotence, lack of erection, premature ejaculation. g. Extreme fatigue or aching in legs or abdomen.

3. **IF YOU SUSPECT VD** at all, stop all sexual activity immediately & see a doctor at once. Get a Gram Smear Test, obtaining the results yourself. Be sure to find out exactly what it is you have, whether it is just a mild non-contagious irritation, or if it is highly contagious VDI. A lot of VD is spread by people who thought they had some little "bacteria" & didn't want to take medicine for something they thought wasn't VD, so kept on fucking. Lord help us to be more thorough concerning contagious diseases! As Dad says,

if you love someone, you won't give him VD!

4. **FIND A DOCTOR WHO** WILL BE TRUTHFUL WITH YOU & will help you. Give your whole history of afflictions & medications taken so that if you do decide to take the medicine the doctor can prescribe the correct drug to which you are not resistant or allergic.

5. **PILL OR PILGRIMAGE?** If you decide not to take the medicine but to trust the Lord for your healing, be sure to refrain from all sexual activity until you get a Smear to prove you are healed before making love to anyone! If you are taking medication, take the prescribed amount of Smears at prescribed intervals to assure your health & don't resume intercourse until cleared. (Menstruation can hold off an accurate reading. Also, avoid douching or taking any suppositories for 48 hours before a smear test.)

6. **IF YOU HAVE NO SYMPTOMS** but someone you've had contact with does, this does not mean that you don't have the disease.—Get a test to be sure & avoid contact until you are cleared.

HERE ARE SOME QUOTES FROM THE LETTERS on the subject. Lord help us to obey

Mokes

THAT REMINDS ME OF A DIRTY JOKE I heard once from a bad girl.—How these 2 old maids managed to get 2 sailors into bed. They were having such a good time, they wore the poor sailors out! The sailors were so sore, they went into the kitchen & were soaking theirs in milk. One

what has already been written long ago!

"Because germs are always present waiting for a chance to attack, & if you let them accumulate & you're dirty & you don't wash & you don't keep clean, then of course you're going to have problems."

"And for God's sake, girls, if you do discover you've got a problem, or you men either, for God's sake report it immediately so we can send you straight to the doctor for treatment! If you're not concerned about yourself, at least be concerned for the sake of others so you don't spread it to somebody else. Catch men—not V.D." (SSS:66:67.) Read "The Catch"—it's got lots of good tips! "If you've got something & you don't report it, you can not only spread it to your husband or your wife, but to your friends & everybody else they come in contact with—it's terrible! It is an absolute crime not to report it to us!" (SSS:68.)

"If you have anything at all that is at all questionable whatsoever, stop all lovemaking immediately & go straight to the doctor as fast as you can & get diagnosed & treated—& pray!—& don't do anything else—don't make love any more until you've gone back to the doctor & been cleared. If he doesn't clear you, why then keep on being treated until you are." (SSS:139, 143b.)

of the old maids peeped in to see what they were doing & rushed back to the other & said, "Jump back in bed! They're fillin'm up again!"

DAD'S CONUNDRUMS! What's better than a naked girl?—Two naked girls!

(Send in your laughs today!—Keep'm comin'!—Ha!)
